**Profiteering and High Cost of Living Intrude on the Adjournment.**

**BY ARTHUR SEARS HENNING.**  
(EXCLUSIVE DISPATCH.)

WASHINGTON, May 20.—Demands that Congress enact immediate antiprofitereering and other legislation designed to reduce the high cost of living caused an outbreak of temporary but serious opposition today against the plan to adjourn before the Republican convention meets in Chicago, June 7.

The uprising became so formidable that party caucuses were called by the Democratic leaders for tomorrow and by the Republican leaders for Saturday, to decide on a legislative program, and to determine whether there is to be an adjournment of Congress until December or merely a recess during the two national conventions.

The measures on which the insurgents are demanding immediate action are:

The McNary bill to halt profiteering in shoes.

The Kenyon-Kendrick bill for government housing and control of the packing industry.

The McNary bill to impose an embargo on the export of sugar.

The Johnson-Nolan bill to limit the price of living costs and deal with phases of the labor problem.

**PLANS GO AHEAD.**  
Speaker Lodge, the Republican leader, and Senator Underhill, the Democratic leader, had virtually agreed that the Senate should adjourn on June 7, and that the House should adjourn on June 10.

As to coming back later, the agreement was not quite so definite. Some senators thought it would be proper to adjourn until December. Others thought it would be better to adjourn until September, and that if nothing pressing appeared the adjournment could be taken until December.

Those tentative understandings among the Republicans and Democrats legislative pilots provide only for the regular appropriation bills and a few other measures.

Information of these understandings became known about the progressive Republican leader, and he declared it would be a disgrace for the Republican having given to the job without having done anything to do with the cost of living.

They warned their colleagues that President Wilson would hardly overlook the opportunity to call Congress back into extraordinary session with a vigorous scolding for not having acted upon measures relating to the cost of living and industrial unrest.

# VILLA REMAINS FACTOR IN MEXICO

## HEADS OF REVOLT FAIL TO PLACATE BANDIT CHIEFTAIN

(BY A. P. NIGHT WIRE.)

**CHIHUAHUA CITY, May 20.**—With the announcement late today by Gen. P. Elias Calles that he believed Villa's political aspirations rendered a working agreement with him unlikely, hopes that the rebel chieftain would be eliminated gradually from the arena, went glimmering.

Through his emissary, Alfonso Gomez, Villa declared he had no intention of being eliminated, according to Gen. Calles.

Enzoquillo Salinas, labor representative with Gen. Calles, today received the following telegram from the information bureau at Mexico City.

"Relations between Great Britain and Mexico are to be resumed when the new provisional President assumes office."

"I have received a letter from Villa which leads me to believe that there is little likelihood of an agreement," said Gen. Calles. "I will answer him, saying we shall give him protection as to his life, as well as all local guarantees, but that is as far as we can go."

**IN CAMP WITH GEN. VILLAS (Boqueron, Chih.). May 18 (Via El Paso, Tex., May 20).**—Francisco Villa will not be satisfied with mere guarantees of personal safety from the present revolutionary government in Mexico, he told the Associated Press in an exclusive interview at his camp in the mountains here today.

Villa will demand guarantees concerning how the government is to be operated and before he returns to private life must see the guarantee in actual operation, he said. This means Villa's force of men will not be disbanded immediately.

Members of all classes, including Villa himself and his men, agree that until he is satisfied with the governing forces in Mexico, peace and normal conditions in Mexico are impossible.

Villa sent envoys to Chihuahua city from here tonight, headed by Alfonso Gomez to confer with Gen. P. Elias Calles, Minister of War for the revolutionists. Calles was reported as intending to confer personally with Villa.

Villa declared the new government must be satisfactory to him, must not include any of the politicians who have been in ruling Mexico since Carranza. He said that if a government were set up to him were set up he would turn over to the republic vast amounts of money and other property.

Villa declared he had not harmed an American or other foreigner nor any man in the United States. "No country can exist without the aid of other countries. Each is dependent on the others. I have great respect for the United States."

## FOREST FIRE PERILS TOWNS.

(BY A. P. DAY WIRE.)

**QUEBEC, May 20.**—A forest fire is sweeping Balchamps woods, threatening destruction of the village of St. Camille, St. Fabien, Deschamps and Deschamps, according to telegraphic appeals for aid received here today. Deschamps was said to be in great danger and the inhabitants were reported leaving their homes.

Several scores of women and children were brought out of the fire district early today by a train which had to fight its way through burning woods. Water had to be drawn from the tender to quench the flames which licked about the coaches.

Timber valued at more than \$1,000,000 is reported in the path of the fire.

## LATER DISPATCHES

**For Profitreering Inquiry.**  
WASHINGTON, May 20.—The Department of Justice was asked in a resolution by Senator Owen, Democrat, Oklahoma, today for all facts, figures, data and information relative to profiteering.

The resolution called for a list of all corporations which made more than 15 per cent on their capital investment in the last year.

A two-year embargo on the exportation of sugar was proposed by Senator McNary, Republican, Oregon.

**Yale Honors Pasadena Boy.**  
NEW HAVEN (Ct.) May 19.—Yale's historic ceremony by which members of the Junior class are elected to the senior societies, was held on the college campus late today. In addition to the customary fifteen selections for each of the three societies, twelve Juniors "lapped" for membership in the Elhiu Club.

Those elected to the four societies included: Scrool and Key, Kenneth N. Hawke, Pasadena, Cal.; Elhiu Club, Lindsay A. Pays, Berkeley, Cal.

**Court-Martial Californian.**  
NEW YORK, May 20.—Fredrick V. Gordon, an ensign in the active list, was placed on trial before a general court-martial at the New York navy yard today on thirteen specifications of passing alleged worthless checks, four of forgery and one of larceny.

Gordon, who enlisted in California eighteen months ago, pleaded guilty to passing the checks, but denied the other charges. The checks were passed in California, Oregon, and New York.

Totals	145	100	74	39	57

CHICAGO, May 20.—With the Republican national convention only eighteen days away and 194 of the 914 delegates already elected, the situation facing the Republican candidates is that no candidate will enter the convention with enough votes pledged him to give him any decided advantage over his opponents.

Forty-seven of the fifty-three States and Territories have chosen their delegates and are sending to Chicago 137 uninstructed delegates, forty-four more than a majority of all those who will sit in the convention.

Mr. Gen. Wood, on the face of returns to date, will show the most strength on the first ballot, for of those delegates who have been instructed or who have expressed a preference, 145 are pledged to him.

In addition, he carried the preferential primary in Vermont, but that State's eight delegates have not yet been chosen by the State convention.

Senator Johnson, who commands even 100 votes, is second, while Gov. Lowden of Illinois, with seven, is third. Senator Harding of Ohio has thirty-nine votes from his home State.

There are, however, contests pending in twelve States and in the District of Columbia, involving 104 delegates. Thirty-five of the contests are on direct ballots; six on Lowden men and sixty-three on Johnson men.

The credentials committee will meet here May 11 to thrash out these contests.

**MANY FAVORITE SONS.**

Campaign managers at Chicago for the various candidates agree that there will be no nomination on the first ballot. The complimentary vote for the large list of "favorite sons" may, in fact, be so large that it will destroy the usual significance of the first ballot as an indicator of the strength of the various candidates.

Among those candidates who are expected to divide the uninstructed vote on the first ballot, in many cases commanding all or part of the delegates from their home States, are Gov. Stow, Pennsylvania; Gov. Coolidge, Massachusetts; Senator Sutherland, West Virginia; Senator Poindexter, Washington; Senator La Follette, Wisconsin; Dr. Nicholas Murray Butler, New York; Herbert Hoover, California; and Judge Fritchard, North Carolina.

Senator Poindexter has fourteen instructed votes from Washington; Judge Fritchard, seven from North Carolina; Gov. Coolidge, thirty-three from Massachusetts, and the other candidates have or expect to have, varying numbers.

Campaign managers here of the three candidates who are leading in delegates actually instructed have made definite claims as to the vote they expect to receive in the convention. Mr. Gen. Wood's headquarters has issued a statement claiming he will have from 197 to 222 votes on the first ballot; that he will gain from twelve to twenty on the second ballot; and that he will be nominated on the third or fourth.

**CAMPAIGN PIFFLE.**

The Johnson managers here say reports from their workers throughout the country show they will have 335 votes on the first ballot and that the Senator will be nominated on the third or fourth.

Gov. Lowden's managers give no estimate of how many votes they expect to have on the first ballot, but in a published statement have assured the Governor he will win the nomination with 512 votes. They predict the break in his favor will come after the third ballot.

**CONTESTS FILED.**

WASHINGTON, May 20.—Contests for 123 of the 914 votes in the Republican convention at Chicago had been filed with Secretary Miller of the National Committee, when the preliminary filing period expired today.

More contests were expected before both the National Committee and the convention's Credentials Committee, with possibility of decisive results, over the nomination. About one-eighth of the convention votes are placed in dispute by the contests already filed.

All but four of the 123 contests filed are from Southern Democratic States. The exceptions are disputes over two delegates from Minnesota, and two from the District of Columbia.

The principal contests are between supporters of Gen. Wood and Gov. Lowden. Senator Johnson and other candidates are not interested directly in these disputes, but may raise questions regarding primary contests in North Dakota, New Jersey, Indiana, Michigan, Minnesota, Nebraska, South Dakota and other States.

**OREGON VOTES TODAY.**

PORTLAND (Or.) May 20.—Oregon Republicans and Democrats vote tomorrow in a Presidential primary election in which the League of Nations has become an issue.

Supporters of two Republican candidates, Mr. Gen. Wood and Gov. Lowden, have declared their candi-

dates favor a League with reservations. Backers of the third Republican candidate, Senator Johnson, have asserted he opposes a League of Nations as at present constituted. The same issue extends to the contests for delegates to the Republican National Convention.

In the Democratic Senatorial primary the League issue prevails with Harvey G. Starkweather, one candidate, advocating President Wilson's League, and with the other candidate, United States Senator George E. Chamberlain, silent on the subject.

**WILSON STARTED IT.**

President Wilson precipitated the issue in the Democratic primary when he telegraphed the chairman of the Multnomah County Central Committee that the Democratic party should condemn the League reservations as destructive of world leadership by America.

Although the name of Herbert Hoover appears on the ballot as a candidate for the Republican nomination, his managers in Oregon have asked Republicans to throw their strength to Gen. Wood. There is no contest in Oregon for the Democratic Presidential preference, the name of William G. McAdoo being the only one on the ballot.

**AMBASSADOR COMING HOME.**

YANCOUVER (B. C.) May 19.—Roland S. Morris, United States Ambassador to Japan, will arrive here from the Orient, May 24, on the Empress of Asia, according to word received today by Frederick M. Ryder, United States Consul-General here. Mr. Morris, accompanied by Mrs. Morris, is on a vacation, and will report to Washington before returning to Japan. Mr. Ryder said.

**CHINA DECLINES JAP PLAN.**

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, May 20.—The Chinese Cabinet has decided to decline to enter into direct negotiations with Japan regarding a settlement of the Shantung question as requested by the Japanese Ambassador at Peking, according to a dispatch to Reuters from the Chinese capital.

**Daylight Saving for New York.**

(BY A. P. NIGHT WIRE.)

ALBANY, May 20.—Daylight saving will remain in effect in New York State. Gov. Smith today vetoed the Federal bill, designed to repeal the daylight-saving law.

TO SCRUTINIZE  
CAMPAIGN WADSBorah's Resolution is Ordered  
by the Senate.Presidential Candidates Must  
Identify Dough.Prompt Alibis Already Arrive  
from Rival Camps.(BY A. P. DAY WIRE.)  
WASHINGTON, May 20.—Investigation of campaign of Presidential candidates of both parties, including the campaign contributions and expenditures of use of influence, was ordered today by the Senate.

The resolution by Senator Borah, Republican, Idaho, providing for an investigation by a subcommittee without a record vote and with little discussion, with the membership of the investigating committee already chosen tentatively, Senate leaders said today. It is expected that the resolution will be adopted without a record vote and with little discussion.

The resolution also provides for "any use of influence or other means or influence, including the promise or use of patronage and the providing of funds for setting up contesting delegations and any other facts that would not only be of public interest, but would aid Congress in any necessary remedial legislation."

Before the Borah resolution was called up, Senator Thomas, Democrat of Colorado, denied that B. M. Haruch had either contributed money or sought contributions on behalf of William G. McAdoo, adding that he had been authorized by Mr. McAdoo to make such a statement.

The Senate prompted Senator Smoot, Republican of Utah, to read a New York newspaper article charging that a "big business syndicate" had underwritten the McAdoo campaign and that a fund of about \$5,000,000 had been raised by Haruch, Cleveland H. Dodge, Henry Morgenthau and others.

PROMPT ALIBIS.  
CHICAGO, May 20.—Commenting on the Borah resolution which passed the Senate today, ordering an investigation by a subcommittee into the campaign of Presidential candidates, including their contributions and expenditures of use of influence, L. E. Emerson, chairman of Gov. Lowden's campaign, said:

When Senator Borah demanded an accounting of all campaign contributions and expenditures, Gov. Lowden immediately replied, agreeing to submit such a statement provided other candidates for President would comply. As chairman of his campaign committee I went to Washington for that purpose.

Decision to bring the Senate peace resolution before the House tomorrow was reached today by Republican House leaders. Chairman Porter of the Foreign Affairs Committee announced he would concur in the Senate measure making a conference unnecessary. The resolution probably will go to the President the same day, and a veto is expected.

SHIP SUBSIDY.  
The Senate voted today to retain in the House merchant marine bill Senate committee provisions exempting from excess profits taxes the net earnings of American-owned shipsMcCUMBER GETS  
JOHNSON'S GOAT.Says Californian Absent from  
Senate Six Months.Thinks He'll Have More Time  
After Convention.Peace Resolution Comes Be-  
fore the House Today.(BY A. P. DAY WIRE.)  
WASHINGTON, May 20.—Charges of Senator Kenyon of Iowa and Johnson of California that the Senate Steering Committee had side-tracked the most pious regulation and other bills drew a reply today from Senator McCumber of North Dakota, committee chairman.

He made the counter-assertion that Senator Kenyon had discussed irrelevant subjects, and that Senator Johnson had spent six months away from the Senate in his Presidential campaign.

Senator McCumber denied that the Steering Committee had or could "condemn" any bills, and said the complaints of the two Senators came with poor grace.

Senator Johnson, he added, would have "plenty of time after the convention" at Chicago to devote his attention to Senate business.

PEACE ACTION TODAY.  
Decision to bring the Senate peace resolution before the House tomorrow was reached today by Republican House leaders. Chairman Porter of the Foreign Affairs Committee announced he would concur in the Senate measure making a conference unnecessary. The resolution probably will go to the President the same day, and a veto is expected.

The Navy needs coal badly. Fuel is needed more by the Pacific Fleet than by the Atlantic Fleet. Commander G. C. Dowling, chairman of the committee, said:

"Strategically the naval situation has shifted from the Atlantic to the Pacific and with the fleet divide and part of it in Pacific waters was necessary that coal be secured on the Pacific Coast, and advanced information indicates that Alaska the only source of supply of coal as the Navy requires."

SHIP SUBSIDY.  
The Senate voted today to retain in the House merchant marine bill Senate committee provisions exempting from excess profits taxes the net earnings of American-owned ships

engaged in foreign trade, providing a similar amount is reinvested in new ships.

Another provision exempting from income taxes under similar restrictions proceeds derived from the sale of ships built prior to January 1, 1914, also was retained. In both cases the new ships would be required to be built in American yards.

RAP ADJUTANTS-GENERAL.  
The Senate voted today to insist on its provisions as to the National Guard, but returned the army reorganization bill to conference for further negotiations.

Without a record vote the Senate supported its conferees in the dispute with the House, despite the latter's 2-to-1 vote yesterday against acceptance of the Senate plan for Federalizing the National Guard troops.

Chairman Wadsworth of the Senate conferees told the Senate that certain groups of State adjutants-general were "the principal stumbling block" starting "outside influence" to back the House in opposing the National Army plan.

Senator Thomas, Democrat, Colorado, also attacked the State adjutants, declaring that through their political influence they were able to "dictate" to the House.

Navy will mine the Alaska coal fields.

COMMISSION LEAVES SEATTLE ON WAY TO INVESTIGATE TERRITORY'S RESOURCES.

(BY A. P. DAY WIRE.)  
SEATTLE (Wash.) May 20.—Members of a naval coal commission left here today for the Pacific coast.

SHIP SUBSIDY.  
The Senate voted today to retain in the House merchant marine bill Senate committee provisions exempting from excess profits taxes the net earnings of American-owned ships

engaged in foreign trade, providing a similar amount is reinvested in new ships.

Another provision exempting from income taxes under similar restrictions proceeds derived from the sale of ships built prior to January 1, 1914, also was retained. In both cases the new ships would be required to be built in American yards.

RAP ADJUTANTS-GENERAL.  
The Senate voted today to insist on its provisions as to the National Guard, but returned the army reorganization bill to conference for further negotiations.

Without a record vote the Senate supported its conferees in the dispute with the House, despite the latter's 2-to-1 vote yesterday against acceptance of the Senate plan for Federalizing the National Guard troops.

Chairman Wadsworth of the Senate conferees told the Senate that certain groups of State adjutants-general were "the principal stumbling block" starting "outside influence" to back the House in opposing the National Army plan.

Senator Thomas, Democrat, Colorado, also attacked the State adjutants, declaring that through their political influence they were able to "dictate" to the House.

Navy will mine the Alaska coal fields.

COMMISSION LEAVES SEATTLE ON WAY TO INVESTIGATE TERRITORY'S RESOURCES.

(BY A. P. DAY WIRE.)  
SEATTLE (Wash.) May 20.—Members of a naval coal commission left here today for the Pacific coast.

The Navy needs coal badly. Fuel is needed more by the Pacific Fleet than by the Atlantic Fleet. Commander G. C. Dowling, chairman of the committee, said:

"Strategically the naval situation has shifted from the Atlantic to the Pacific and with the fleet divide and part of it in Pacific waters was necessary that coal be secured on the Pacific Coast, and advanced information indicates that Alaska the only source of supply of coal as the Navy requires."

Senate Six Months.Thinks He'll Have More Time  
After Convention.Peace Resolution Comes Be-  
fore the House Today.(BY A. P. DAY WIRE.)  
WASHINGTON, May 20.—Charges of Senator Kenyon of Iowa and Johnson of California that the Senate Steering Committee had side-tracked the most pious regulation and other bills drew a reply today from Senator McCumber of North Dakota, committee chairman.

He made the counter-assertion that Senator Kenyon had discussed irrelevant subjects, and that Senator Johnson had spent six months away from the Senate in his Presidential campaign.

Senator McCumber denied that the Steering Committee had or could "condemn" any bills, and said the complaints of the two Senators came with poor grace.

Senator Johnson, he added, would have "plenty of time after the convention" at Chicago to devote his attention to Senate business.

PEACE ACTION TODAY.  
Decision to bring the Senate peace resolution before the House tomorrow was reached today by Republican House leaders. Chairman Porter of the Foreign Affairs Committee announced he would concur in the Senate measure making a conference unnecessary. The resolution probably will go to the President the same day, and a veto is expected.

## SPACE ROOMINESS

is one of the features of this Bank which makes SERVICE possible. Two large banking rooms, on the same floor, connecting, one for Commercial Accounts, one for Savings Accounts, gives abundant space for our customers to come and go in comfort.

Behind the grilles again is ROOM. There is room to have, at each pair of windows, all the cards and ledgers and records which relate to the accounts which bank at those windows. There is room for the bookkeepers and assistants. There are windows enough so lines of waiting customers are short. The Teller has TIME to deal with each customer courteously and completely.

Having room enough makes it pleasanter for the customers, pleasanter for the men in the Bank, and so there is reflected the atmosphere of cordial good will which is the main element in the remarkable growth of this Bank.

## WILL HIT HARD AT PROFITEERS.

Bankers' Policy Requires Loan Liquidations.

Federal Reserve and Members to Force Issue.

Committee Frames Five Specific Recommendations.

BY ARTHUR SEARS HENNING.

(RECEIVED SPECIAL.)

WASHINGTON, May 20.—Liquidation of not less than 10 per cent of bank loans within the next four months will be required under the terms of a policy recommended yesterday by the leading bankers of the country, in conference with the Federal Reserve Board, as a means for meeting the credit crisis without inviting more serious consequences.

The liquidation will amount to more than \$3,000,000,000 and while borrowers will be required to repay little if any of their loans from banks other than those supplying luxuries or holding goods for high prices will be required to repay in advance of credit largely, if not entirely, so that the average reduction in bank loans will be at least 10 per cent.

Federal reserve and member banks are to co-operate in forcing this liquidation, which is expected to result in a fall of excessive prices and a decreased cost of living. Profiteers will be held in and compelled to unload hoarded stocks at greatly reduced prices in order to take up notes and arrange for further credit.

This forced liquidation is already in operation and, together with the slump in buying by the public, accounts for the falling of prices for clothing and other merchants throughout the country who found it necessary to dispose of stocks before obtaining loans for purchase of fall goods.

In the Senate the possibility that there is an industrial depression impending, with attendant unemployment, was discussed particularly by Senators Owen and McCallister, of Banking and Currency Committee, but the opinion was expressed that, in view of the fact that the country is readjusting to new conditions without any disturbance of panic character.

In the resolutions framed by a committee headed by James E. Forgan of Chicago, the following five specific recommendations are made:

(1.) That the banks reduce their

total loans by 10 per cent, or more than that if a greater expansion is necessary for the fall movement of crops, a contracting movement of the banks are urged to discriminate carefully between those for essential and nonessential purposes, preference being given food production.

(2.) That the Federal government defer until after the crop movement all expenditures except those absolutely necessary. It is urged further that borrowings be reduced to a minimum.

(3.) That State counties and cities defer proposed issuance of bonds, thus avoiding competition for public improvements until it is suggested, should be postponed in order to help the labor and material markets.

(4.) That individuals and business concerns postpone such construction as is not imperative.

(5.) That individuals increase savings deposits in the banks and spend as little as possible, limiting their purchases to necessities.

The resolutions analyze the causes of the present credit situation. It is pointed out that the banks have outstanding loans aggregated by an unprecedented total and that the Federal reserve banks have been called upon for loans and reductions in amounts greater than ever before.

Instead of building up reserves as should be the case at this time, the year, it is pointed out that the reserves are down almost to the minimum.

The transportation situation is held responsible for much of the difficulty. It is stated that hundreds of millions of dollars are tied up in loans of commodities which are blocked in freight cars. These loans, it is pointed out, include large amounts of foodstuffs on which rapid liquidation could be effected if it were not for the traffic congestion.

Government obligations totaling approximately \$1,000,000,000 are being carried by the banks. It is noted, also, that the banks are being carried by the banks. It is noted, also, that the banks are being carried by the banks.

Loans of large amounts to individuals and corporations for the purpose of carrying over and income taxes also have had a part in bringing about the inflated condition of credit.

The 10 per cent decrease in production during the past year in the face of increased loans amounting to 25 per cent cited as one of the features of the situation.

## WAR CRIMINALS IN GERMANY TO TRIAL.

REPUBLIC'S PROSECUTOR SUMMONS ACCUSED TITONS TO APPEAR IN JUNE.

(BY CARL AND ASSOCIATED PRESS.)

BERLIN, May 19.—The German war criminals on the list recently presented the government by the Allies have been summoned by the chief imperial prosecutor to appear before the supreme court at Leipzig between June 1 and June 20, according to the Tagblatt.

PARIS, May 19.—Warning that France must, in the midst of peace, make preparations for future wars, was uttered by Marshal Foch, who presided at the annual meeting of the Polytechnic School for Army Engineers today. He said the economic struggle is the first part of the peace program, but preparation for war is the second.

"Which of us," he asked, "dare believe Germany is renouncing war on the morrow of her defeat? Germany's neighbors, whether they wish or not, will be forced to keep up armaments and military frontiers, because there are historic realities and racial appetites, just as there are geographical realities."

"How can we help mistrusting a nation," he continued, "which has been reduced to impotence by the great Napoleon, was able, by its martial ardor, to re-establish its position after complete overthrow of the colossal Napoleonic empire and by superstitious military and methodical development, extended its authority from the East Prussian marshes to the Rhine? Making peace is its national industry and might is its right."

**INITIATIVE PREPARED BY EXCLUSION LEAGUE.**

PETITIONS WILL BE CIRCULATED TO PLACE IT ON NOVEMBER BALLOT.

(BY A. P. MOTT WIRE.)

SACRAMENTO, May 19.—The text of an initiative measure intended to restrict property holding by "non-sustainable races" was made public here today by the California Oriental Exclusion League.

Petitions will be circulated at once for sufficient signatures to place the measure on the ballot at the next general State election, State Senator J. M. Lamm, president of the league, announced.

The act in its first section specifies that all aliens subject to citizenship may possess the same rights for purchase, lease and sale of property that is accorded to citizens except as otherwise provided by the laws of the State.

[illegible]

## VOTE BATTLE IN OREGON TODAY.

Wood and Johnson Chief Republican Contenders.

Radicals Rallying Around California Senator.

Senator Chamberlain, Democrat, Has Sharp Fight.

PORTLAND, May 20.—Between Wood and Johnson lies the indorsement for President by Oregon Republicans in tomorrow's election according to the best political observers.

Hoover, Lowden and Pendergast also appear on the ticket, but the real struggle is between the solid candidates and the irreconcilable leader.

There has been a struggle to capture the Hoover vote. It is probable that the Johnsons have won many of the Hoover voters; the bulk of them are turning to Wood and Lowden. Pendergast had previously called away his own vote from Oregon, and will not be a serious factor.

The drive of the closing hours of the campaign has been to center the anti-Johnson strength in Wood. By straw votes, and the other use of the drive, it has been evident that Wood will lead Lowden in Oregon.

Leading Republicans have endeavored to induce the Lowden organization to give way to Wood so that it might be a straight-out fight between the anti-Johnson forces represented by Johnson and the pro-Johnson forces represented by Wood. The campaign was not successful. The Lowden management fought to the last, and going into the election with the reputation of victory.

GETS RADICAL SUPPORT.

The Johnson strength is made up of the same elements as elsewhere. It is not sufficient to put him through unless Lowden gets a considerable vote that would otherwise go to Wood.

The result in Portland is doubtful. Union labor and certain other large elements are lined up for Johnson and may give him an even break in the city, but the margin will show it depends on great outside country vote, and no one seems to know just what the farmers are going to do.

McAdoo is the only Presidential candidate on the Democratic side. He has been a steady presence in that is attracting almost as much local attention as the Republican President. This is a result of his nomination as United States Senator from Oregon in November.

Now these enemies, together with a handful of disaffected Republicans, are trying to make a bid for the party. It is likely the rank and file of the party would have been willing to let Lyndon be governor and make a Senator with a will, if it had not been for the Presidential fight.

WILSONIAN POLITICS.

Wilson's telegram to the County Chairman, Hamaker, in which he said that only candidates who had stood for the treaty without reservation, and who had been given the anti-Chamberlain faction strength. It is now being urged that a vote for Chamberlain would be a vote for the President.

The Democratic leaders are trying to hold the party together. Chamberlain and the other leaders that they are for the President.

ISSUE HOOVER HERALD AT G.O.P. CONVENTION.

DAILY NEWSPAPER IN INTEREST OF FORMER FOOD CHIEF'S CANDIDACY.

CHICAGO, May 20.—A daily newspaper, the Hoover Herald, will be published in Chicago during and a few days prior to the Republican National Convention and will be devoted to the presentation of Mr. Hoover's availability for the Presidential nomination and will be issued under the auspices of the Hoover publicity league.

This innovation in national campaigning is in a measure due to the print paper shortage. In prior campaigns newspapers have been asked to issue a paper of their own. The estimated expense of publication will be about \$100,000.

Recognizing that all candidates will be similarly hampered the Hoover Herald will give one page daily to the other candidates whose claims will be presented to the convention. They will be at perfect liberty to say what they please on any topic they select.

The staff of voluntary contributors will be asked to contribute to the paper. The paper will be of national importance as writers and illustrators.

CRIMINAL PROCEEDINGS AGAINST "POPULARE."

ST. CINCINNATI, May 20.—Criminal proceedings were begun today against "Populare," edited by Jean Lowmyer, leader of the minority "Populists" in connection with an article under the caption "The Reaction of the Populists" concerning the evacuation of Frankfort by French troops.

The newspaper is charged with having committed an outrage against the army.

## BLIZZARD THREE MILES UP.

A terrific snowstorm visited Los Angeles yesterday—15,000 feet above the highest building in the city.

This was the information brought back to earth last night by Pilot Clifford R. Proctor and two of his passengers after their climb to an altitude of 17,900 feet, a Los Angeles record, in a Bristol Tourer biplane, over the Mercury Aviation field late yesterday afternoon.

The flight, which was a preliminary to one to be held today or tomorrow in an attempt to establish a Pacific Coast altitude record, was made to test the air here in the evening. W. O. Reynolds of New York, the American representative of the Bristol Company, and David E. Thompson, chief pilot for the Mercury Aviation Company, were passengers.

**EIGHT HUNDRED NEW MEMBERS ENROLLED.**

**AMERICAN LEGION PARADE IS FOLLOWED BY MEMORIAL SERVICE FOR HEROES.**

Enrollment of 800 new members since the opening of the American Legion national membership drive last Monday, was reported last night when Los Angeles Post No. 5 met at the clubrooms in the Washington building, following a short parade and memorial services.

Matters affecting both the organization and its members were considered. Referring to the recent action of the Interstate Council in opposing the use of the German language in public meetings or public productions in this country, though at the same time approving of the purpose for the aid of children in Germany and Austria, Walter K. Tuller cautioned members against any forcible demonstration if promoters of such production persist in going ahead with their plans.

A resolution was passed supporting the State Federation of Labor in its endeavor to eliminate employment agencies which have exploited ex-service men by collusion with foreign firms.

A demonstration of the efficiency of the Legion was shown when it was reported that twenty-five members of the post had accumulated \$2500 for the Salvation Army in small subscriptions from private homes.

Following the memorial address by Chaplain Earl Tiers the assembly was adjourned for the boys who did not return.

**BONDS FAIL TO CARRY.**

**RIVERSIDE CITIZENS VOTE AGAINST \$100,000 CITY BUILDING.**

**EXCISES DECREASED.**

**RIVERSIDE, May 20.**—The proposition to issue municipal bonds in the sum of \$100,000 for the proceeds of which was to be used for the erection of a new city building was defeated by a decisive vote in an election held last night.

The proposition to build a City Hall has agitated the people of this city for a number of years, and has become a local issue since the purchase of a \$25,000 site opposite the Federal Building some years ago.

In today's election much feeling was evidenced clearly indicating that the opposition to the issue sprang as an echo from the recent municipal election in which the present city administration was elected by a very small margin.

Those defeated at that time found the forces which defeated the bonds the reason given being a desire to allow the "outs" not to allow the "ins" to erect a monument to the administration.

During the campaign many imported speakers were used to further the cause of the bonds and the issue was sponsored by both the Chamber of Commerce and the Chamber of Labor.

The opposition was led by William L. Peters, a former Mayor. More than half of the registered voters attended the election, the result was a heavy vote on the question of city bonds. The vote was 1026 for the bonds and 1837 against the issue.

**DRUGGISTS ELECT.**

**San Diego Man is Chosen Head of State Association.**

At the final session of the State Pharmaceutical Association convention held yesterday in Blanchard Hall, C. W. Hartough of San Diego was elected president; Al Hawkins of Pasadena, first vice-president; E. W. Wishart, second vice-president, and C. W. Henderson of Los Angeles was re-elected secretary and treasurer. Yosemite was chosen as the meeting place for 1921.

Route business pertaining to the association took up the rest of the day and reports from the chairman of the several committees were read. Last night the delegates were the guests at a dinner-dance at the Beverly Hills Hotel.

**"GAS" FAMINE REPORT HIT.**

**Needn't Worry About that Motor Trip, Says Auto Club After Inquiry.**

You need not worry about a gasoline famine so long as you confine your tour to California, says a statement issued yesterday by the Automobile Club of Southern California, which has been checking up reports that "gas" is going or going to be curtailed.

Though in some places the filling station men are examining gasoline gauges on automobiles, and if there is sufficient fuel to carry the motorist to the next town the motorist is advised to "move on," this is not general, the Auto Club statement says, and gasoline can be obtained in sufficient quantities for touring purposes throughout the San Joaquin Valley and at a majority of places along the Coast highways.

In Oregon and Washington the shortage is acute, however, it is stated.

**FINISH PHOTOGRAPHS, STECKE STUDIO.**

## SPLIT ON TEACHERS' PAY RISE DEVELOPS.

Many resolutions aimed at reported decision of citizens committee.

That there are some differences among the school-teachers in their campaign for an increase in salary became known yesterday with the statement that the faculties of various schools are adopting resolutions addressed to the citizens committee, demanding that the proposed salary increase be so adjusted that the minimum for high school teachers shall be set at \$2100 per year and the maximum at \$2400.

This action is taken because of reports that the citizens committee is planning to meet the Board of Education and report that a five percent increase of 25 per cent will be satisfactory.

The citizens committee, of which Sylvester Weaver is chairman, has been handling the salary question for the teachers.

Speaking of the difference that has developed on the salary question, a member of the City Teachers' Club said: "The teachers as a body have not made any salary demands because we have been depending on the committee, which volunteers its service. This committee, we are told, will recommend to the Board of Education Monday night that a 15 per cent rise be granted. This is not satisfactory and resolutions from the teachers' association have been presented to the board. If this is not done, the teachers will not feel bound to accept any agreement the committee and the board may reach."

**RANCHER CONFESSES CULVER CITY CRIME.**

After making various statements, Joe Canalia, a Spanish rancher, living on Washington Boulevard, near Culver City, broke down yesterday and admitted that he stabbed and killed T. G. Pittman, a restaurant owner of Culver City, on Wednesday according to officers who arrested him.

Canalia was arrested yesterday by Marshal O. S. Greenwood of Culver City. Following Klein of Santa Monica, Sheriff, Canalia was taken to the Modie. At that time he asserted he stabbed Pittman because the latter was trying to steal a calf from Canalia's ranch. He admitted later that he saw Pittman on the road and stabbed him while the latter was in his automobile. Canalia was lodged in the County Jail.

**PRESBYTERIANS ELECT OHIOAN AS MODERATOR.**

**PHILADELPHIA, May 20.**—The Rev. Dr. R. S. Palmer of Columbus, O., was elected moderator at the opening session of the one hundred thirty-second general assembly of the Presbyterian church in the United States. He was chosen by acclamation and succeeded Dr. D. W. Baer of Pasadena, Cal., the assembly's first layman moderator. Dr. Palmer has been pastor of Broad Street Church, Columbus, the last twenty-two years.

**DES MOINES, May 20.**—Election of M. W. Clair of Baltimore, the second of the two negro bishops of the Methodist Episcopal church, was announced at the general conference today.

**BANKER OF CHICAGO DIES SUDDENLY HERE.**

William H. C. Stege, president of the Guaranty Trust and Savings Bank of Chicago, died suddenly at the home of Mr. and Mrs. N. K. Wilson, 1425 Spaulding street, at noon yesterday.

Mr. Stege, who has been in poor health, came to California two months ago in the hope that a "rest" would restore him, and made his home while in Los Angeles with the Wilson family, who were old-time friends. He had apparently improved much in health and his sudden death, which came at table during lunch, was entirely unexpected. Autopsy is given as the cause of death.

Funeral services will be conducted this afternoon, after which the body will be taken to Chicago for interment.

**FORMER SONORA MAN DIES.**

The funeral of Epigenia Cuevas, who died day before yesterday in San Diego of pneumonia, will be held here this afternoon at 2 o'clock at the undertaking rooms of Garretts and O'Connor, 1921 South Grand avenue. Mr. Cuevas was 61 years old and a member of one of the oldest and most prominent families in the State of Sonora. He lived in Hermosillo before coming to Los Angeles. He leaves three sons, Ricardo, Carlos and Francisco, and two daughters, Hermila and Teresa. Ricardo Cuevas of 1927 Arapahoe street, has resided in Los Angeles for many years and is well known as an interpreter and writer. The Cuevas family are strong supporters of the G. O. Obregon.

**LODGE SUES FOR TAXES.**

The Supreme Lodge of the Fraternal Brotherhood, which was exempted from taxation, filed suit against the county yesterday for a refund of \$3594 in taxes. Its property was assessed at \$107,474.

**Now is the Time to Get Rid of Your Rheumatism.**

If you are troubled with rheumatism get a bottle of Chamberlain's Liniment and use it according to the plain printed directions. You will be surprised at the quick relief which it affords. No internal treatment is required in cases of chronic or muscular rheumatism. All you need is to use this liniment freely.

# The People and Their Daily Troubles

## DOROTHY DIX TALKS

### PARENTAL VANITY.

BY DOROTHY DIX.

The ultimate expression of human vanity and egotism is the desire parents have to make their children replicas of themselves in body, mind and soul.

If you want to hand out a choice tidbit of flattery to any father and mother, all that you have to do is to tell them that their little Johnny and Mary are their living images. They simply gulp it down and ask for more.

Father will put out his chest, and beam with joy as he opines that he guesses that Johnny is a chip off the old block, and mother will bridle and smile and say that Mary certainly does look like her baby picture.

Yet father may be bald-headed, and knock-kneed, and bow-windowed, and homely enough to stop the clock, and mother may be the sandy-haired, freckle-faced, pug-nosed, slab-sided lady who is hard on the eyes, and constitutionally unfitted for the vamp business.

They would think they would sue any one for libel and defamation of character who would accuse their helpless son or daughter of even remotely resembling them, and that the least that the wanderer of defenseless infants would get off with would be assault and battery.

But nothing of the kind happens. Instead of the ugly and malformed looking and praying that their children will look like anybody else on earth but themselves, they are tickled to death to have Johnny inherit their spavined legs or rabbit-upper lip, or protruding teeth, and for Mary to have wished on her lustrous eyebrows, and a salacious blue-violet complexion.

Parental self-conceit even goes a step further, and gloms over children reproducing their very faults and vices. How often you will hear a father boast that he can't control Johnny because Johnny takes after him in being determined to have his own way at any cost. Or mother will say with pride that Mary has a quick temper, just like she has.

If the children copy their parents' weaknesses all is forgiven them. It is only when they strike out on original sin lines that father and mother ring them to book.

It is to parental vanity that we owe the perpetuation of hideous "bristling names, generation after generation. If father had parents who were cruel enough to add to his name some name that makes him shudder every time he hears it—he doesn't say this outrage shall go no further. I'll stop it right here.

No, he brands his oldest son with it, and never forgives his daughter-in-law if she refuses to continue the curse on her first born.

How any man or woman could afflict a poor little, helpless infant with their own harsh, hard, ugly, unmelodious name, just to gratify their vanity, is something that passes comprehension.

They do it, however, and no problem is more difficult for a humane young couple to settle than how to protect their offspring from being christened Hebraiah, or Maria, or Ephraim, or Jeremiah, without mortally offending grandpa, and grandma, whose ecstatic demands every man she ever meets. Her only

## GASOLINE ALLEY—"COVER THEM WITH FLOWERS."

Doesn't it beat all how somebody's forever after coin? Now it's a fund to decorate the soldiers' graves in France with flowers.

Yes and I've sent a check. I wish I could do a thousand times as much for those fellows over there.

I'd hate to feel that I hadn't done something to honor their memory when I had the chance. I have volunteered my little offering.

Yes and when the wounded soldiers are contributing I guess I can.

Interest is in serious things. Not happiness in study and work. An admirable girl. A model character. Yet her mother could forgive her every frivolous sin easier than she can the girl being different from herself. For to mother's mind there is but one perfect type of what a young girl should be, and that is to be the sort of a girl she was.

And what is all of this cry about children not taking their parents' advice, except that fathers and mothers bump of conceit has gotten hit?

Every father and mother feels perfectly capable of setting their children's fate, for them. They would do this by the simple rule of having their sons and daughters do as they did, notwithstanding that they have made no conspicuous success of life, and have not been distinguished for the soundness of their own judgment.

The reason sons are so seldom willing to work for father or go into business with him is because father's vanity will not let him accept a suggestion from his own child. The reason mothers and daughters-in-law fight like cats when they try to keep house together is because mother will not agree to any new methods. She is so supremely and egotistically sure her own way of doing things is the only infallible way.

Parents make their vanity a

## LETTERS TO "THE TIMES."

Why, Oh Why.  
LOS ANGELES, May 19.—[To The Editor of The Times:] By what magic does the dreary drivel about the motion-picture people command such large chunks of white paper these famine days? When a first-class news item about some real happening can hardly get ten lines, it is interesting to note that the fat-test sort of junk from the studios runs into columns. How do they do it?

Other advertisers are not permitted to plaster the newspapers with stupid squibs about nothing. The biggest buyer of space in town could hardly get away, in the news columns, with such stuff as the movie paragraphs. It seems to be assumed by some people that we are all dying with curiosity about all the ham actors—and we are not.

From the cinema bulletins of the last few days I cull this hair-raising information:  
That Harry Carey got mad and hollered over the telephone.  
That Kathleen Kirkham went to the Juma and gambled.

That the one perfectly formed girl in the world, name not known, is starring in an undress sea picture.  
That George Kelly, juvenile, would not go on the road without his pet dog.

That Colleen Moore has a letter form an admirer in Hicktown, Ill., telling her she's the greatest actress in the world.  
And so on to distraction and putrefaction.

And each sorry paragraph runs to an appalling number of lines.  
W. Shadys of the "Stingy Bugle" is this news? If not, what is it? But probably if you answer frankly, your reply will be unprintable.

PRINCE RUPERT (R. C.) May 19.—[To the Editor of The Times:] While in California, in 1918 I closed a deal for 130 acres in the Malibu Mountains for a future home for the benefit of the health of my wife and myself. I hold a guarantee title to this property.

One objectionable feature being the road conditions, which were very unfavorable, though I trusted that conditions would right themselves in due time. I was born in the United States and have always been loyal to the flag. Our family consisted of two sons. When the United States went to war with Germany, my sons both served voluntarily with us.

Observatory has three standard clocks running in constant temperature vaults, electrically wound and sealed to keep the air pressure constant. Meridian circle observations of selected stars are taken regularly on clear nights, and from these observations, the errors of these standard clocks are determined.

standard of ethics. They decide conduct by their own inch rule personal measure. Mother doesn't know what girls are coming to when she does things she never did, and wear clothes she never wore, when she was a girl. Father is sure all the boys are headed for perdition because he doesn't act as they do when he was young.

And mother and father forget in their self-complacency that they do not know it all—that to each generation comes a new standard, and that, as a matter of fact their children do not admire them quite as much as they admire themselves, and would not be exactly like them if they could.

"Vanity of vanities," sayeth the preacher, "all is vanity." And there is no vanity so monstrous, so complete, so all encompassing, as the vanity of the old.

QUESTIONS ANSWERED  
Question: Who was the first man to cross Death Valley? A. W. M. Answer: W. L. Manley and a Tennesseean by the name of Rogers first crossed this valley in California in the gold rush of '49. Much of the valley is below sea level, the lowest point of dry land in the United States being found here. This is 276 feet below sea level, while Mt. Whitney, the highest point in the United States, 14,501 feet above sea level, is less than eighty miles away.

Q: Who was known as the "mother of criminals"? A. Margaret Jukes has been given this title. The name Jukes was a pseudonym used to protect certain worthy members of a family in New York State whose history displays unique conditions of crime, disease and pauperism.

Q: What is the origin of the expression "escaped by the skin of the teeth"? A. "My bone cleaveth to my skin and to my flesh, and I am escaped with the skin of my teeth," is the twelfth verse of the nineteenth chapter of Job.

Q: Who was the founder of the Red Cross? A. The originator of the Red Cross was Monsieur Jean Henri Dunant, a Swiss gentleman of Geneva, who, observing the horrors of the soldiers after the battle of Solferino, June 24, 1859, brought the matter to the attention of the world with the result that a society for the amelioration of the sufferings caused by the war was formed.

Q: What do the expressions, "sterling sixty-day bills," "commercial sixty-day bills," "commercial sixty-day bills on banks," "commercial sixty-day bills on a bank for commercial purposes," payable in sixty days, "cables" mean the rate on money when it is cabled.

Q: Can you tell me how to make Abzug's? A. This is a Persian soup. Take 3 pounds of mutton with fat removed, 1/2 pound of white beans, 3 onions, 5 peeled potatoes. Put meat on to cook in a saucepan with plenty of water; when it comes to a boil, add beans and onions. Simmer until beans are soft, add potatoes, pepper and salt. Ten minutes before serving add the juice of a lemon.

Q: What flowers can be cultivated successfully at the seashore? A. A. T. A. The nasturtium, sinningia, amaranth, sunflower, portulaca, and cherry and scallions grow especially well in sandy soil.

Q: Is Roulers, Belgium, being rebuilt? A. Roulers lay within the German lines during great part of the war, and while it became shell-torn and battered, it was not destroyed as Ypres was, to the west. The people have returned in large numbers, buildings have been patched and mended, and rebuilding has begun. By virtue of its survival Roulers has become the metropolis of this section of Belgium.

Q: Where did ordinary house cats come from? M. O. A. It was formerly thought that house cats were progeny of tamed pairs of European wildcats. Historical investigation has proven that they came from the North African "gibber" or "cat."

Q: How is the United States standard time calculated? C. R. O. A. The United States Naval

consent under the American flag for the freedom of the American people and now that I see so much comment over the Malibu Road, I cannot understand why there is any objection to the Malibu Road going through and serving the people who have homes in that district.

As to the question of a strip of land twenty miles in length and from two to three miles in width being termed as a home for any one person is ridiculous and out of the question.

Women of All Ages and Temperaments

Ask your mother, aunt, grandmother. They will tell you they have known who were cured of the many diseases which occur in most women's lives, by taking Dr. Pierce's Favorite Prescription, which is sold by druggists, in both the tablet form. What women say:

Mrs. Cora Pick, 3004 Martin St., Spokane, Wash. "When I was sixteen years old the local doctors all said there was no hope for me that I would die inside of six months of my life. I read an advertisement in a paper about Dr. Pierce's Favorite Prescription and what it had done for other girls a bottle of it and commenced to feel better right away. I had finished the second bottle was all right. Now I am ever since and am as healthy as any woman."

Mrs. W. D. Moore, 1946 No. Jackson St., Reading, Pa. "I suffered something terrible, could scarcely stand on my feet. My head and back ached hard and I was unable to move. My legs and feet ached—wouldn't budge, and I was constipated. I had a severe pain in my side. I took Dr. Pierce's Favorite Prescription and Pleasant Pellets and they worked. I was well and strong. Then, during middle life I got them and got through so well."

Mrs. E. B. Ralph, 60 Tertium St., Reading, Pa. "Dr. Pierce's Favorite Prescription is perfectly wonderful. Everything to this medicine. When I was young I had hemorrhages, also suffered severe pain and had headaches. I suffered everything. Finally, I decided to try 'Favorite Prescription'; it stopped the hemorrhages, the headaches. I never had any more trouble."

## Two Cups of SUGAR FREE

HOW often do you use sugar when you eat ripe fruit? Very seldom.

Then, if you could combine sufficient fruits with ordinary cereals the food would need very little sweetening.

This would save you, perhaps, a cup of sugar for every package of cereal eaten.

That is the reason Fruited Wheat and Fruited Oats are so economical. Practically all the natural fruit sugar of luscious fruits are retained under scientific manufacture.

Have you noticed how Fruited Cereals often hang together? This is the fruit sugar. It proves their superior quality. Besides,

it is proof of nutritious food values. Natural sugars enter the circulation quicker than in any other form.

You cannot afford to overlook these wonderful, economical health foods—a combination of DATES, FIGS, RAISINS and other choice fruits with whole grains.

Don't forget, too, we supply most of the sugar—FREE.

TRY BOTH—Less than a penny a dish

**MRS. ALICE GRESHAM DODD,** mother of the first American soldier killed in France, who gives entire credit for recovery of her health to the well-known medicine Tanlac.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Gresham Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to her country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States, and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death resulted in the serious breakdown of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well-known medicine, Tanlac.

"After my dear boy's death I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship, as I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence."

"A friend of mine had received a great deal of help from Tanlac, and it was she who advised me to try it. I am so glad I did, for it proved the best medicine I have ever taken. It soon gave me a good appetite and seemed to settle my stomach so that I was no longer troubled with indigestion. I don't know what it is to have rheumatic pains now, the swelling and stiffness has all gone out of my joints and I am able to do the work of the house with the greatest ease. My nerves are now steady and strong. I sleep fine at night, and I feel better in health than ever before in my life. I shall always be grateful for what Tanlac has done for me, and shall recommend it every chance I get."

Tanlac is sold in Los Angeles, Pasadena and San Diego by The Owl Drug Store under the personal direction of a special Tanlac representative.—(Advertisement.)

### ARROYO SECO FAVORED SPOT.

Tournament Committee Would Build Stadium There.

Masons Officials at Funeral of Coroner Hartwell.

Funeral Party in Near Accident Near Pasadena.

(LOCAL CORRESPONDENCE.)

PASADENA, May 20.—Members of the executive committee of the Pasadena Tournament of Roses are recommending the Arroyo Seco as the logical site for Pasadena's new stadium, after a conference with the special stadium committee recently appointed by President W. J. Leland of the tournament. The stadium committee has investigated the possibilities of the present Tournament Park and the Arroyo Seco, and its members believe the Arroyo Seco where more room can be had and which can be made more accessible to motor traffic when his credits are held. The stadium committee will make its final report soon to the entire directors of the tournament.

It is proposed to make the stadium almost a masterpiece, the Rose Tournament to turn out profits from New Year's football games to the city.

**CALVIN HARTWELL'S FUNERAL.** The funeral of Coroner Calvin Hartwell, who died Wednesday night, will be held Saturday afternoon at 2 o'clock at the Masonic Temple, Pasadena, and will be conducted under auspices of Pasadena Masonic Lodge No. 273. Members of the Pasadena Commandery, Knights Templar, of which he was a past commander, will act as an escort of honor. Mr. Hartwell was very prominent in local Masonic circles and was a member of Al Malaikah Temple, Mystic Shrine. The body will be cremated, in accordance with Mr. Hartwell's wishes. He is survived by Mrs. Hartwell, two sisters, Mrs. Charles Miller of Pasadena and Mrs. Vina Anson of Corona.

**NAMED CITY AGENT.** Appointment of C. E. Cobb as city passenger agent of the Santa Fe road for the Pasadena territory was announced today by W. R. Flynn, general agent of the Santa Fe here. Mr. Cobb has been in the local station of the Santa Fe four years and with the road ten years.

**ACCIDENT NEAR BRIDGE.** On the way to a funeral in Van Nuys, an automobile carrying a Pasadena party skidded on the slippery pavement in the fog this morning and came near going over an embankment into the Arroyo Seco. The accident occurred at the approach to the Colorado-street bridge. In the car were Lawrence Platt, driving; his grandfather, Joseph Platt; Miss Margarette Platt, Mrs. Arthur Pearce and Charles Minter. None were hurt.

**SANTA ANA LICENSES.** (RECEIVED DISPATCH.) SANTA ANA, May 19.—Marriage licenses here: Thomas S. Kane, 36, and Carolyn A. Holmes, 22, both of Santa Ana; Solomon S. Chapp, 56, and Mary Nancy Butcher, 54, both of Los Angeles; Charles A. Eber, 45, and Irene Pope, 22, both of Los Angeles; John Jenks, 51, and Florence Tull, 42, both of San Diego; John L. Zimbelman, 24, San Diego and Dorothy Nina McCarthy, 19, El Cien; Edna Davis Hinton, 33, and Helen Louise McCracken, 33, both of San Francisco; Pat Mandella, 44, and Jane Jambro, 18, both of Los Angeles.

### MAKE PROHIBITION FOLLOW AMERICANS.

W.C.T.U. WANTS DRASTIC LAW: OTHER NEWS NOTES FROM LONG BEACH.

(RECEIVED DISPATCH.)

LONG BEACH, May 20.—Mrs. Helen M. Stoddard of San Diego, former president of the San Diego county W.C.T.U., was elected this afternoon president of the W.C.T.U. of Southern California, when officials for the coming twelve months were chosen at the convention in session at the First Methodist Episcopal Church. She received 131 votes, out of 262 cast. Mrs. Alice Wheeler of Los Angeles ran second, with 112. Mrs. Julia D. Phelps of Los Angeles was chosen vice-president, Miss Gabriella Stickney, Los Angeles, corresponding secretary; Mrs. Hattie C. Young, Los Angeles, recording secretary; Miss Ada Cummings, Santa Paula, assistant recording secretary.

Suppression of prize fighting in the United States, establishment of uniform marriage and divorce laws, abolition of "disreputable resorts" along the California-Mexico boundary through an international agreement and punishment of Americans who, in certain foreign countries, violate the prohibition amendment, were urged in memorial resolutions adopted by the convention today.

**FEARS FOUL PLAY.** C. D. Alsop, 921 Winnipeg Place, believes some one is trying to poison him or his young son. On each of three successive mornings Alsop has found on his lawn a box of

candy, with nothing to indicate whence it came. The city chemist was asked this afternoon to analyze the confectionery.

**SEEK SNEAK THIEVES.** A tall woman, heavily veiled, who rapped at the door of Mrs. Sophia Bickie, 123 Atlantic avenue, and then turned the knob, but said she was looking for a "Mrs. Green," when Mrs. Bickie opened the door, is sought by the police in connection with a pass key robbery last night, when three diamond rings and gems from two brooches were stolen from the house. Mrs. Bickie estimates her loss at \$1200.

**AUTO DEALERS MEET.** Automobile distributors from Los Angeles and other cities were guests of the Automobile Trades Association tonight at a banquet at the Hotel Virginia, this being a special event of "feature night" of the automobile show in progress here all this week. Covers for more than 100 were laid.

### REDLANDS BOY BACK FROM WORK ABROAD.

(LOCAL CORRESPONDENCE.)

REDLANDS, May 20.—Paul Edwards, son of Mr. and Mrs. J. S. Edwards of this city, who for three years has held an appointment with the Department of Commerce, has arrived from The Hague, where he has been stationed. He will return East next week and may be returned to The Hague.

During the war he was loaned to the War Trade Board and worked in this department until the board was dissolved a year ago. He says that conditions in Holland are excellent, that it is the richest coun-

try in the world per capita. During the war there was considerable suffering, but it was only temporary.

Mr. Edwards says that he has heard many influential people in Holland express regret that the Kaiser sought sanctuary in their country, but that he did not follow the matter closely. Holland, largely a shipping country, is anticipating a great business as soon as industrial conditions in Europe are more stable.

Mr. Edwards says that there are comparatively few tourists in Europe at the present time but that the hotel keepers are expecting the greatest influx in history in another year.

### SAYS SHE WAS "DOPED."

(SPECIAL CORRESPONDENCE.)

SANTA MONICA, May 20.—Santa Monica police are today attempting to locate the Venice home of Mrs. Stella de Lacey, 24, here from Chicago, who was found unconscious on a lawn on Washington Boulevard, at 4 o'clock this morning. When she regained consciousness at the St. Catherine Hospital three hours after she was found, she said that she was staying with a "Mrs. Staslow," who she thought lives somewhere in Venice. According to her own story, Mrs. De Lacey came to Santa Monica yesterday "to find a place to live." During her hunt she stopped at a house and asked for a drink. She asserts that a man in shirt sleeves brought her a glass of water. "I drank it and after that I don't remember anything," she said.

### ISLANDS IN TROUBLE.

Labor Agitators Cause of Unrest cent, Mr. Shamel says the labor

(LOCAL CORRESPONDENCE.)

RIVERSIDE, May 20.—That the Hawaiian Islands are suffering from the same conditions that are demoralizing labor and production in other parts of the world, is the verdict of A. D. Shamel, who has just returned from the islands in connection with his work with the Bureau of Plant Industry of the Department of Agriculture.

The Bolsheviks appear on the islands as labor leaders and labor agitators, said Mr. Shamel, "and at present one of the longest strikes in the history of the sugar industry has the islands in its grip. The Japanese are very efficient workmen, but ignorant, and easily led by agitators."

While the men are paid on the bonus system, and the high price of sugar has increased, the return to the laborer more than 400 per cent, Mr. Shamel says the labor agitator holds the whip hand. So determined is labor to win its demands, that the growers have given up hope and imported labor from the Philippines.

Regarding the high price of sugar, Mr. Shamel cites under-production, but calls attention to the extra demand occasioned by the passage of the prohibition law in this country, and the consequent breaking away from the use of intoxicants. This, he says, has resulted in a greater per capita consumption than ever before. The laboring man is also using more sugar than ever before, because of high wages. A 2,000,000-ton shortage in the Cuban crop is cited as another element which is affecting prices.

**FLASHES.**  
**DE MILLE'S PLANS.**

**PRODUCER TO VARY THEMES OF FUTURE PHOTOPLAYS.**

**By Grace Kingler.**

Great variety of theme is to characterize the future productions of Cecil De Mille, according to his statement made yesterday regarding his plans for the fulfillment of his new five-year contract just entered into with Famous Players-Lasky Corporation. This is to be his rule despite the great success of his picture stories illustrating various intimate angles of wedded life, including "Why Change Your Wife?" and others, a success which no other producer has been able to duplicate along this line.

"No more similarity of motif in succeeding pictures in the future," said Mr. De Mille yesterday. "For instance, 'Something to Think About,' the next production to be released, differs as widely as possible from any of its immediate predecessors."

"Something to Think About" is understood to have a new thought angle, though its exact nature is still a mystery. And the picture on which Mr. De Mille is about to begin work has still another theme which, at present is occupying the public mind, though Mr. De Mille doesn't want its exact name and nature printed just yet, and the hush club around the studio is still on the job.

Mr. De Mille states he has secured several stories of unusual merit which he intends to screen within the next year. Among the authors mentioned are Halliburton Field and Hector Turnbull. Jeanie Macpherson will continue to write her brilliant stories for the screen.

**Dorothy Gish to Europe.**  
Going to Europe now being the slogan of all first-class picture stars, one is not surprised to learn that Dorothy Gish has decided to do this little thing. According to word just received from New York, Miss Gish is to make two more pictures at the Mamaroneck Griffith studio, and then sail to Europe to spend her summer vacation.

**Gloria Swanson with Washburn.**  
Gloria Swanson is to have the leading feminine role in Bryant Washburn's next picture, entitled "Wanted, a Stenographer." Maj. Maurice Campbell will direct.

**Kid Vandeville Act.**  
What promises to be a remarkable vaudeville act, and one only made possible because of the children's long, grilling and successful experience in pictures, is that in which Virginia Lee Corbin and Little Ben Alexander, famous little picture stars, are being drilled by Frank Egan, for presentation on the Keith Circuit, beginning in September. The children are already booked under a three-year contract, by the Weber Brothers, New York.

The act was referred to in this column yesterday, but at that time details were not forthcoming. Now it seems that the act in which the youngsters will make their vaudeville debut was one written by William Rock when he was here.

The remarkable thing about the act is that it is not the regulation kid stuff, but includes some serious dramatic work, most noticeable being the closing scene of Jack London's "Sea Wolf." That the tiny tots can adequately portray this difficult episode is due largely to the fact that their picture training, in which both have done really dramatic work, Frank Egan vouches for the fact that they do it remarkably well.

There is also a comedy scene in the act, and a child will do some "single" stuff in the way of singing and dancing. The children's contract provides they appear for several months in New York theatres.

Due to the terms of the Fox contract it was learned yesterday from Mr. Corbin, mother of Virginia, that the little one will not be able, after all, to go on at the Kinema next week, as has been announced and as she had hoped to do.

**Salisbury's First Independent.**  
Monroe Salisbury's first independent production is about to be launched; announcement concerning it was made yesterday. The story is "The Barbarian," from a magazine tale by Theodore Dreiser, and Donald Crisp, who directed Salisbury in "Ramona," and "The Eyes of the World," has been engaged to direct him in this first production.

Mr. Crisp and Mr. Salisbury left yesterday by automobile for the north and find suitable locations for the story around Siskiyou county, and the remainder of the company will follow as soon as it is settled just where they are to work.

The cast assembled is noteworthy, including the late, Mr. Stanley, Mr. Barney Sherry, Elinor Hancock, Harrison Post, Milton Mark, Fred Sydney Dean, Frankie Raymond, Marcelle Daly, Lillian Leighton, Larry Steers, Ann Cuddey and Michael Cuddey.

**Clermont's First Finished.**  
In spite of the switchmen's strike, which came near ruining the picture because a train robbery was one of the big punches of the tale, also despite the illness of one of the stars, the company, not to mention a change of studios in the midst of the picture "Mountain Madness," the first feature made by Lloyd Carleton Productions for Clermont Photoplays Corporation, was finished on time, and Director Lloyd E. Carleton will leave for New York with the picture on Sunday.

Hannibal N. Clermont, president of Clermont Photoplays Corporation, announces the purchase of Bradley King's story, "Beyond the Cross Roads," which will be the second of the six features Lloyd Carleton Productions have contracted to produce for Selznick release. A popular Saturday Evening Post story will be the third offering, and options have been secured upon other well-known stories for the remaining three features.

**Louise Lovely to Solo.**  
Louise Lovely Productions is to be the name of the company which will feature the young Fox player whose name is included in the title of the organization. Miss Lovely is under contract to Fox for a few more pictures, after which she will appear in her own little features.

**English Actor Here.**  
Leslie Goodwins is a young English actor who has just joined the film colony. He is the brother of Fred Goodwins, well known heretofore, and now a director of English comedies made in London. Young Leslie is popular with English audiences on both stage and screen. He served through three years of the war, became a lieutenant, was wounded, and went back into picture work. His health is

**NEW PICTURE PALACE.**  
**Sid Grauman Announces Plans for Great Hollywood Theater.**

**BY EDWIN CHALLERT.**

Company's picture activities are linked with that concern the Majestic Theater has announced the termination of a play's presentation after a single week. "On the Hiring Line," which opened last Sunday, is to close Saturday evening, even despite the fact that it is proving a big popular, and the new attraction, "The Gypsy Trail" will go on Sunday evening.

**Will Can't Stand Strains.**  
Will Rogers is one picture star who declines to smote to music. In his picture "Jes" Call Me Jim," which plays at the California next week, there is one scene full of pathos, where it was thought advisable to use a small orchestra. When Rogers heard about it he dismissed the idea with a wave of his hand. "No 'Hearts and Flowers' music for me," he said. "I'll feel bad enough when the time comes." And everybody says that he did.

**Stock Bill to Change.**  
For the first time in many weeks the Majestic Theater has announced the termination of a play's presentation after a single week. "On the Hiring Line," which opened last Sunday, is to close Saturday evening, even despite the fact that it is proving a big popular, and the new attraction, "The Gypsy Trail" will go on Sunday evening.

**Oliver Thomas Feature.**  
The entire chorus of the Green-Wich Village Follies will appear in the picture "Footlights and Shadows" starring Oliver Thomas, which is to show next week at the Majestic. Director John W. Noble has engaged a group of special performers for the Midnight Revue scene, which is to be one of the picture's episodes.

**Constance Binney Film.**  
Constance Binney will be the star of the picture "The Stolen Kiss," a romantic comedy feature.

**Helen Jerome Willard.**  
Helen Jerome Willard is shortly to be started. This fact has been known for some time, but the company is not ready for announcement, but her numerous admirers will rejoice in the fact that this young woman, who has worked so faithfully for success during the past few years, is at last to be rewarded by affixing her John Henry to a starring contract.

**Maurice Tourneur Bulletin.**  
Maurice Tourneur returned yesterday from San Francisco. He will personally direct his picture, "The Hiring Line," in her first picture, work on which is to begin within a fortnight. Her first vehicle will be a new version of the well-known stage play, "Tiger Lady." Mr. Tourneur will spend the week end at Catalina.

**William Fox to Come.**  
William J. Fox, head of the Fox Film Corporation, is shortly to come west on a highly important mission, accompanied by Winfield Sheehan, according to word received yesterday. The mission of Mr. Fox is nothing less than the reorganization of the western Fox studio for the production of big features. It is likely, says report, that he will entirely alter the program of the studio, and the policies of most of the producers, who seem to see that all-star productions are the big thing of the future.

**Mr. Fox and Mr. Sheehan** are expected here about the middle of June, on their arrival it is likely they will have some interesting announcements regarding their plans, along the lines suggested above. Included in the big films planned is "The Queen of Sheba," a historical and spectacular production which J. Gordon Edwards, maker of "Cleopatra" and other specials, will direct.

**Kathleen Clifford to Talk.**  
Kathleen Clifford has been engaged for a leading role in the production of "Sick-a-Dead," which Frank Egan is shortly to put on at the Little Theater. Miss Clifford is well known as a comedienne, having had a successful experience of several seasons in musical comedy and vaudeville.

**Marcelle Daly Leads.**  
The Monroe Salisbury Company is to leave within a day or two for the big redwood in the north to film scenes for Salisbury's next picture, entitled "The Tempest." Marcelle Daly, beautiful new leading woman, is to play a featured role.

**Bebe Daniels Burned Roads.**  
Scotting to San Francisco in a day is the recent record of Bebe Daniels, Lasky star, who drove her own car every inch of the way. No it wasn't an element. She was merely showing her speed, which, accompanied her, how fast she could drive without being either wrecked or arrested.

**On the School Bonds.**  
A rally in support of the school bonds will be held at the Cambridge school tomorrow evening. A program will be given by the pupils and there will be speeches for the bonds by members of the Board of Education and the school faculty.

**JURY CONVICTS TWO.**  
**First of Thirty-three Men Taken in Raid are Found Guilty.**

Charged with conducting a gambling game at 336 South Spring street, Robert Sherwood and C. Carosa, who were arrested on February 18, were found guilty by a jury in Police Judge Richardson's court late yesterday afternoon. They will be sentenced at 10 a. m. tomorrow.

**The two men, who were tried jointly, are the first of thirty-three cases which will follow each other in Police Judge Richardson's court. The defendants were taken into custody in the one raid. Deputy City Prosecutors William Krowl and Leo Dams handled the case and will also represent the people in the other trials.**

**LILLIAN GISH**  
**WITH FROHMAN'S.**

Probably the most startling news that has concerned any D. W. Griffith picture in some years, that which comes via telegraph from New York, namely, that Lillian Gish has signed a contract with the Frohman Amusement Corporation. She will begin work on the picture "The Birth of a Nation," which is completed, declared the wire.

Miss Gish is noted as a featured player in such Griffith productions as "The Birth of a Nation," "Hearts of the World," "The Great Love," and "Broken Blossoms." She has been with Griffith since the Biograph days.

It would seem that the new contract, which will be for a period of three years, is the Frohman Amusement Corporation, as the Frohman Amusement

# Peppery Seattle Team Again Triumphs Over Red Killefer's Slipping Band of Celts

## ANGELS ON WAY TO THE CELLAR.

Seattle Again Pastes Killefer's Lads Cruelly.

Curley Brown Hit Hard When Bingles Are Needed.

Siebold Heaves Good Baseball for the Visitors.

BY HARRY A. WILLIAMS.  
No way has yet been found to cost the passionate tilters. Their freshly laid plot to win the pennant at the expense of the Angels is proving successful. The swashes not only made it three straight, but didn't give the home guard a look-in. Killefer's men were simply made to feel that they didn't belong—had never joined, in fact. It may be that Clyde Wares, having taken charge of the works, will require the Angels to show visiting cards when entering the park. Seattle, 3, Los Angeles, 0. Siebold, a right-hander of the quality, underling type, was too strong in the north sleeve for the Angels, and shook what the critics alluded to as a nasty elbow. Personally, we never saw a nastier elbow at close quarters. But he may have had one. Possibly Mr. Siebold accidentally laid his elbow in the gutter, while eating lunch, and then dragged it across the face of a lemons meringue pie while spearing the sugar bowl. Or he may have used it to wipe his nose.

ANGELS NOT THERE.  
Anyway, the Angels couldn't collectively hit the stuff produced by this polished elbow. They secured more actual swats than did the swashes, but these were not of the proper length, nor did they come at the right time. Curley Brown, the Kansas-dried athlete, held the visitors to the which isn't many. Two of the hits, however, were abnormally large.

## LEONARD TO BOX WHITE ON JULY 5.

CHICAGO, May 10.—Benny Leonard, lightweight champion, has signed, it was announced here tonight, to defend his title against Charley White of Chicago, in a ten-round contest at Benton Harbor, Mich., on July 5. Leonard will receive a guarantee of \$15,000. The weight will be 135 pounds at 10 o'clock. The match will be staged in the open and the arena will seat between 20,000 and 30,000 persons.

## DRAWING MADE FOR HANDBALL TOURNAMENT.

FIRST PLAY TO START TOMORROW AT THE L.A.A.C. IN THE SINGLES.

The A.A.U. handball committee, composed of Charles F. Byron, Ellis Elkes and Charley Keppen, met in the Los Angeles Athletic Club yesterday afternoon and made the drawings for the national handball tournament scheduled to begin in the club courts tomorrow. The list for the first round of play in the singles division is as follows: Art Stern drew a bye; George Klaviter drew a bye; R. Shanbaltzer drew a bye; William Hanft drew a bye; Art Goodwin drew a bye; Ed Caley will play L. Eldridge; A. Moody drew a bye; Frank E. Garbutt will play C. Osborne; Courtney Lacey drew a bye; J. Beck drew a bye; R. Smith drew a bye; Richard B. O'Brien drew a bye; Gene Haskell will play C. Crockett; Jay Walton drew a bye; Max Gold will play F. Zimmerman.

## REDLANDS TO HAVE CRACK RIFLE TEAM.

(SPECIAL CORRESPONDENCE)  
REDLANDS, May 10.—Redlands is to have a crack team of rifle shots in the big southern State shoot to be held at Glendale on June 8 according to present plans. The men of the Redlands Rifle Club have been working hard on the range since the weather and some excellent results have been obtained. It is believed that some of the Redlands men have a good chance of getting on the civilian team. The State will send a civilian team and a service team to the national matches which are to be held on the range at Camp Perry.

## TIA JUANA FUTURITY TO BE RUN MAY 30.

(SPECIAL CORRESPONDENCE)  
SAN DIEGO, May 10.—The Tia Juana Futurity, a two-year-old stake with a purse of \$10,000, will be one of the big features which President James C. Coffroth will offer on the Tia Juana track during the final week of the present race meeting. The event at 4 1/2 furlongs will draw the pick of western juveniles to the post. Among this year's most promising youngsters which will face the barrier on Sunday, May 30, which has been set as the date of the Tia Juana Futurity, will be the following: Indiana, Brilaskie and George P. Kyne, a Billerama entry; Letty Rae, Kirkwood, Victory Woe, Mingo, Sam, Ekshat Brown, Hammer, Phelan and Phila Lago, April Fool and Stilly Lane.

## FISHING FINE IN TROUT STREAMS.

Southern California Sport Best in Many Years.

Ordinary Anglers Have Easy Time Getting Limit.

Trollers Are Doing Well at the Big Bear Lake.

Fishing enthusiasts are finding better sport along the trout streams of Southern California this season than they have enjoyed for many a year. There has been enough of snow and rain, and still not too much, and the streams could not be in a better condition to fish. In addition the Fish and Game Commission has done fine work in stocking the streams, and a surprising number of trout of former years have managed to survive the dry summer of last year.

The weather for the past few weeks has produced rather less sun than is common, but the cloudy weather has seemed to help rather than hinder the fishing. The water is cold and the trout hungry, and they have shown a tendency to rise to a fly from the very first of the season, much to the astonishment and joy of the expert.

FAIRLY EASY.  
Anglers of ordinary ability find it fairly easy to take the limit, and some manage the feat in the course of a couple of hours even on close streams. Many complain of not being able to find any trout, but as a rule these are the anglers who go out in the middle of the day and bait up to the pools dressed in a white shirt and otherwise create a scene that would alarm a carp.

The lake fishing is said to be somewhat below expectations, however, those who are frank admit that this is always the case. If you hook a couple of big ones the fishing is fine, but in the lakes one doesn't always hook them. Those who know how to troll are getting the limit at Big Bear Good.

CONDITIONS GOOD.  
Those who have been uneasy as to the effects of the fire of last fall upon the fishing in the San Gabriel will rejoice to know that all reports indicate fishing conditions as excellent.

The San Gabriel with its numerous branches and tributaries is, from the view point of the lover of out door sports, the most valuable possession of this vicinity, and there are many who would like to express the hope that the authorities do not find it necessary to seal it with too many automobile roads. To the real lover of the open places there is nothing more irritating than the angler who only fishes when he can cast from the rear seat of his bus wagon.

## MAGNATES CONSULT ABOUT GROUNDS LEASE.

(BY A. P. NIGHT WIRE)  
CHICAGO, May 10.—Garry Hermann, former chairman of the national commission, was here today for a conference with Ben Johnson, president of the American League, and officials of the New York Yankees, relative to cancellation by the Giants of the New York American lease on the Polo Grounds. The Giants announced a few days ago that the lease had been cancelled, effective at the close of the season. The conference was held in the hope of adjusting the differences between the New York clubs. The baseball magnates will discuss measures toward stamping out gambling in the baseball parks.

## SWIMMING TO BE A CONFERENCE SPORT.

Swimming is to be a conference sport among the southern colleges in the future, if present plans materialize. The sport is to be given its send-off in the near future, when a conference swimming meet will be staged at the Pasadena Y.M.C.A. under the auspices of Occidental College.

## JOHNSTON TO JOIN THE AMERICAN TEAM.

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, May 10.—William Johnston, tennis singles champion of the United States, left here today for New York to join the American team that will compete for the Dwight F. Davis cup. The party is to sail from New York May 29. If the Americans win the preliminary matches in France and Belgium, they will go to Australia to meet the winners of a series, including Belgium, South Africa and Canada, according to Dr. Burner Hardy, president of the California Lawn Tennis Association. Because of a conflict of dates with tennis tournaments in the United States, this country will not be represented in the Olympic games tennis matches in August. Dr. Hardy said.

## A Flickering Golf Luminary.

Mrs. Albert Roscoe, who showed real form in the State women's golf championships at the Los Angeles Country Club and won her way into the semifinals after the Mrs. R. A. Roscoe in a hard-fought bout. Mrs. Roscoe is one of the stars at the Jesse D. Hampton studios and was the only motion picture representative in the tournament.

## GRID GAMES FOR FROSH.

Intercollegiate freshman football among the conference colleges of the south is a possibility for the coming season. Up to the present the rules of the conference have allowed the freshman teams to play schedules of games with high schools, but not with other college freshman teams. According to the ruling recently adopted by the Conference Committee, the former rule is to be suspended for the next season in order to see how the scheme of freshman intercollegiate football will work out.

## HENRY GARRISON IS CHOSEN BIG INJUN.

(BY A. P. NIGHT WIRE)  
DEL MONTE, May 10.—Henry Garrison of Modesto was elected high chief of the California Indians, a sportsmen's organization, at its annual meeting here today. Other officers elected were: Vice-president, L. R. McIlus, Los Angeles; D. Davidson, Modesto; secretary, Fred A. Turner, Del Monte. Directors: George H. Anderson, San Jose; Paul M. Burns, San Francisco; Earl Burnham, Los Angeles; L. W. Kimball, Modesto; C. W. Berry, Visalia; E. Garratt, Alameda. Frank M. Newbert of Sacramento, president of the Fish and Game Commission, won the gross honors in the organization's golf tournament with 84. A. S. Murphy of San Francisco had the best net score with 55.

## VARSITY TEAMS TO PLAY THIS AFTERNOON.

The University of California (southern branch) baseball team has two games scheduled for this week. Coach Cozens will today take his Cubs over to Exposition Park and play the fast University of Southern California nine. The batteries for the Cubs will be Bartlett and Banning. On Saturday the Cubs will meet Occidental at the Manual Arts field. If Occidental is beaten it will eliminate the Cubs from the conference championship. The batteries for the Cubs on Saturday will be Rambo and Banning. Both games will be called at 2:15 o'clock in the afternoon.

## BIG ENTRY LIST IN COLLEGE TRACK MEET.

(BY A. P. NIGHT WIRE)  
PHILADELPHIA, May 10.—A total of 747 entries was made public today by Elmer C. Slagle, manager of the Forty-fourth annual meet of the American Association of Amateur Athletics of America, to be held here May 13 and 14. The meet will draw colleges and universities are represented.

## SWIMMING RECORD BROKEN IN FRANCE.

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, May 10.—M. Violas of the Paris Swimming Club yesterday broke the French 100-meter record in 4m. 27 1/2s. He is entered in the Antwerp Olympic swimming events.

## MRS. KENNETT IS THE VICTOR.

Defeats Miss Cameron in Golf Semifinals Match.

Mrs. R. A. Roscoe Puts It on Mrs. Albert Roscoe.

North is to Meet the South for Supremacy.

Mrs. Luther Kennett defeated Miss Margaret Cameron in the feature semifinal match of the women's State golf championships yesterday afternoon on the Los Angeles Country Club course. Miss Cameron came through to the semifinals with a bang, defeating both Mrs. William and Miss Edith Chessbrough in early matches. But yesterday's affair proved too strenuous and Mrs. Kennett entered the finals with a 3 and 1 lead.

Before the present golf tournament started, Mrs. Kennett was a heavy favorite over Miss Cameron, but the latter's play during the past few days led many to believe that she would enter the finals without a great deal of trouble. Events ran true to form, however, and Mrs. Kennett won the stiffly contested match.

MRS. ROSCOE LOSES.  
In the other frame of the championship fight, Mrs. R. A. Roscoe of the Beverford Country Club defeated Mrs. Albert Roscoe, 2 up. This places the north against the south in the finals. Both players have shown excellent form during the present tournament and the battle for the golf championship of the State of California promises to be a good one.

Finals were played in all other flights yesterday with the exception of the defeated eight in the championship class. Here Miss Elizabeth Clark defeated Mrs. Paul Pinner on twenty-one holes, and Mrs. H. S. Van Dyke defeated Mrs. Maud Kaylor, 1 up.

Complete results of all flights follow:  
Championship flight: Mrs. Luther Kennett defeated Miss Margaret Cameron, 2 and 1; Mrs. R. A. Roscoe defeated Mrs. Albert Roscoe, 2 up.  
Second flight: Mrs. Paul Pinner defeated Miss Mildred Landreth, 7 and 6.  
Third flight: Mrs. C. G. Lathrop defeated Mrs. E. P. Morphy, 2 and 1.  
Fourth flight: Mrs. W. S. Witter defeated Mrs. E. H. Deaver, 1 up.  
Fifth flight: Miss Josephine Cook defeated Mrs. A. S. Burgess, 2 and 1.  
Sixth flight: Mrs. P. L. Warren defeated Miss E. H. Deaver, 1 up.  
Seventh flight: Miss Elizabeth Clark defeated Mrs. Paul Pinner on twenty-one holes; Mrs. H. S. Van Dyke defeated Mrs. Maud Kaylor, 1 up.

## VERNONS COP BY OUTSLUGGING BEES.

(BY A. P. NIGHT WIRE)  
SALT LAKE CITY, May 10.—Vernon outslugged Salt Lake and won 13 to 10. The Tigers took the lead in the third inning, scoring five runs with Bromley in the box, and in the fourth inning the fattened their total by four with Raiger pitching. With today's game Salt Lake's winning streak of ten straight games was broken. The score:  
VERNON: AB 9, R 5, O 10.  
SALT LAKE: AB 9, R 3, O 10.

## PREXIES RESCIND DEAD BALL RULE.

(BY A. P. NIGHT WIRE)  
NEW YORK, May 10.—President Heydier of the National League announced here today that by agreement with President Johnson of the American League, Paragraph 3 of Rule 35, the dead ball rule, will be suspended and cooperative, beginning next Monday. At the meeting of the Joint Rules Committee a few months ago, a dead ball was designated as a wildly pitched ball which the batsman plainly makes an attempt to dodge to avoid being hit, but which he accidentally hits his bat.

## PREXY HICKEY AFTER CONTRACT VIOLATORS.

(BY A. P. NIGHT WIRE)  
CHICAGO, May 10.—Clubowners of the American Association, in special session here today, decided upon a final fight to regain the services of five players who violated their contracts to accept offers from clubs in so-called industrial leagues. Injunctions will be sought. President Hickey said. The clubowners also decided to eliminate all gambling.

## SPORTING WRITER ON A VISIT HERE.

Joe Jackson, well-known eastern sporting writer of the staff of the Detroit Free Press, is visiting in Los Angeles. Mr. Jackson is president of the Baseball Writers' Association of America.

## WHEEZE IS TO REJOIN TEAM.

Tigers in Salt Lake, according to advices received here yesterday. The Vernon pitcher didn't find things to his liking in Richmond, Utah.

## BOXING NOTES.

Jack Reeves, a husky middleweight from the Pacific Coast, is in Chicago looking for work among the fellows of his weight. Reeves just fought in Tulsa where he won over Jack Krome in a hard fifteen round battle.

Willie Jackson, who is slated for a match with Richie Mitchell in Milwaukee June 7, has been matched with Tommy Elm in Paterson, N. J. May 12, for twelve rounds. Elm is a big favorite in Paterson, his home town.

Bill Brennan, the Chicago heavyweight, who is making the West his home, has been offered a match with Jack Dempsey by Floyd Fitzsimmons, July 6 in Benton Harbor. Fitz claims to have the promoters of Dempsey to fight either Mike Brennan, Fulton or Levinson.

Tom Jones who has been managing pugilists for years with considerable success in Chicago, Valter Caldwell, Pasadena, and Mike Lahan, the Columbus featherweight is another member of the Jones management.

The boxing commission of Wisconsin certainly runs the game in Milwaukee up to the main event. The main event was because Sharkey weighed 132 pounds two days before the bout. Walter Lingner, chairman of the commission, refused to allow the bout to go until May 31. Lingner notified Sharkey that he must get in shape for the contest or he would cancel it.

Johnny Dundee and Mel Coogan of Brooklyn fought ten rounds to a draw Wednesday night at Detroit.

Jackie Clark of Altoona, Pa., beat Tommy Robson of Malden, Mass., in ten rounds at Detroit.

Johnny Drummler of Jersey City outpointed Johnny Mendelson of Milwaukee in ten rounds at Detroit.

Joe Welling of Chicago easily defeated George Chaney in their three round go in Philadelphia. Chaney took a terrific beating.

Willie Jackson, who meets Richie Mitchell, June 7, in the next big attraction at the Auditorium in Milwaukee, is certainly a great money-maker. Since January 12, Jackson has had six fights, each of which he has netted himself \$25,000.

After the Ritchie Mitchell bout tonight in Kansas, Jimmy Hanlon will take on Joe McGowan in Kansas City, May 27, over the fifteen-round route. Hanlon also has a ten-round bout May 31 in Springfield, Ill., with Pete Marlow.

## RESOLUTE HOOKS UP WITH VANITE TODAY.

(BY A. P. NIGHT WIRE)  
CITY ISLAND (N. Y.), May 10.—America's cup candidate Vanite left here today for Morris Cove, New Haven, where tomorrow she will meet the flag officer's yacht Resolute in the first of the long series of races to pick the craft that is to meet Sir Thomas Lipton's Shamrock IV off Sandy Hook in July. H. De Haven, Jr., of New York, and J. O. Shedd of the New York Yacht Club will manage the elimination series.

The yacht has been on the water at Robert Jacob's yard here since Monday last. Her bronze hull body has been coated with an old gold lacquer, making her as slippery as a snake.

## DEATH ON GAMBLING.

(BY A. P. NIGHT WIRE)  
CHICAGO, May 10.—Dramatic action to stamp out gambling at baseball games of both the American and National leagues was decided upon here today at a conference of league officials.

## ARE SERAPHS TO CHANGE HAND?

Secretary Weber Wires From About Sale of Nine.

If Club Can be Purchased Deal May be Soon Made.

Morley and McCarty Negotiate Franchise.

Jim Morley has asked Weber to wire President Brown of the Chicago Cubs about the sale of the nine.

Morley's name has been mentioned in connection with the purchase of the nine.

He is now acting as a negotiator for the Cubs.

The Chicago heavyweights are making the deal. He is offering the match money by wire. The deal is being made in New York.

# Alexander the Great Wins His Eighth Straight Game.

## POMONA BEGINS PRACTICE.

Coach for the Philly pitchers, is against freak deliveries. Jesse calls it cheating.

"Sheriff Charles T. Hickman" is the way the former Tiger star may be signing his name in the near future. Cheerful Charlie is a candidate for that office in Monongahela county, West Virginia.

Wilbur Robinson's worry over another outsider may be solved by Tommy Griffiths, the Dodger star, who, according to report, is about to change his mind and return to the fold.

# MAJOR LEAGUE RESULTS.

## ALEXANDER GRABS HIS EIGHTH STRAIGHT.

CHICAGO, May 20.—Alexander won his eighth consecutive game when Chicago defeated New York. The visitors outlived the locals, but Chicago's hits were more timely. The score:

NEW YORK	CHICAGO
Runners: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, ## DAILY TRADE TALK.

## Union Bank and Trust Increases Capital; Finance; Bonds.

BY CHAPIN HALL.

The board of directors of the Union Bank and Trust Company has again authorized an increase in capital stock of \$250,000. This will give the bank a total paid-in capital of \$1,000,000, and a surplus of approximately \$200,000.

This bank, since its organization in 1914, with a capital of \$250,000, has found it necessary, by reason of its growing business, to make frequent increases in its capital. This expansion accurately reflects Los Angeles' enlarged and constantly growing demand for the facilities afforded by the modern banking institution, with its commercial, savings and trust departments.

The new stock of the Union Bank will be offered to stockholders of record by allotment and at par. On such an attractive basis, it will probably be largely oversubscribed by the present stockholders so that there is little likelihood that the general public will have the opportunity of investing in this new offering.

President Ben R. Meyer said yesterday: "The substantial basis of prosperity in Southern California is conclusively indicated by the constant and uniform increase in the bank deposits and general business of our banking institutions. Money is in demand at satisfactory rates and the increase in rediscount rates by the Federal Reserve Bank, and the careful analysis of loans by banks generally, will be effective in bringing about the proper deflation of currency in this section of the country, and we may reasonably believe that the peak of high prices has been passed, and that we are on the down grade to a return to conditions approximating normal."

Farm Loan Bank Bonds. Senator James D. Phelan, in the Senate yesterday urged passage of the bill which permits the treasury to buy farm loan bank bonds for which there is no market. The bill passed the Senate and has passed the House. This means that the treasury will be able to purchase \$20,000,000 worth of these bonds, and the money will be immediately deposited in the farm loan banks, where it will be loaned to farmers all over the country.

The share of this \$20,000,000 for the California farm loan district will amount to \$748,800. This sum will soon be available for loans to farmers in the California district.

Municipal Bonds. On June 1 the Alhambra, Los Angeles county school district will offer \$112,000 of which are for high school purposes, and \$101,000 for grammar schools. On the same date the Antelope Valley Union High School district will offer \$200,000 6 per cent; the city of Benicia, Solano county, \$115,000 6 per cent fire improvement bonds, and the Del Sur school district \$50,000 6 per cent. On June 7 a \$17,000 6 per cent school issue will be offered by the Pico, San Luis Obispo county, school district.

Markets Opportunities. According to an A. W. Coote bulletin issued yesterday, the readjustment toward normal conditions appears to have commenced, the first step, apparently, being a restriction of credit to force diminishment of immense inventories of high-priced commodities, and the release of funds tied up in them. This condition is at present aggravated by transportation difficulties, and Federal action to force movement of commodities is promised.

Deflation is likely to affect principally those industrial sectors which have to do with luxuries, or with necessities which have shown undue price inflation. Concerns manufacturing rubber, leather, electrical equipment, railway equipment and building materials, promise to do well, and their securities, where they have already been well liquidated, should hold firm, and even show advances as we approach general stabilization. In conclusion the bulletin says:

"We regard the present market as an opportunity to acquire well-selected, carefully-selected securities, rather than as a situation to be viewed with alarm. American and foreign institutions are sound, and those who now back their faith by action

will hardly find that faith to have been ill-founded."

Record Financing. In placing the \$900,000 Montgomery Ward Warehouse Corporation first serial 5 per cent gold bonds here, Girvin and Miller have set a record in two particulars: This is not only the first time that a corporation similar to Montgomery Ward & Co., Inc., of Illinois, has come to the Pacific Coast to do its financing, but the purpose of the issue represents a distinct step in the commercial advance of the Pacific Coast. In Portland, Or., there is now under construction a warehouse and distribution plant with a capacity for handling \$25,000,000 worth of business for this national mail-order house in the Pacific Coast territory.

Arizona Bond Situation. The Maricopa county (Arizona) Supervisors have rejected bids made at less than par on \$125,000 school bonds. This action was taken at the request of the several boards of trustees, who asked that further action be deferred until the money market bettered. Maricopa wants \$175,000 for its high school and \$25,000 for a common school, Glendale \$45,000, Pinal \$35,000 and Yuma \$125,000.

Tucson has voted a bond issue of \$140,000 for improvement of its water supply system, the taxpayers rejecting a number of other matters submitted.

The Arizona Good Roads Association will back at the next election an initiative measure raising to a sum yet unspecified the limitation of \$250,000 State debt prescribed by the State constitution. This sum happened to be about the debt left over by the territory. It is argued that the State can hardly have decent highways unless it issues bonds for their construction. Nearly all the counties have made large bond issues for this purpose, led by Maricopa county, which will spend \$4,000,000, in addition to its annual charges and to the cost of the State's participation. High tax rates have followed the efforts to secure bridges and to give assistance to through highways, which all still are unfinished. Apache county has just made an issue of \$150,000 for roads, a sum considered large, as the county has the smallest tax assessment of all Arizona subdivisions. Its issue will hook up the Old Trails Highway, for which bond issues have been made also by the Northern Arizona counties through which it passes. The money expended will be matched by Federal aid.

Novia Scotia Participation. The Guaranty Trust and Savings Bank has accepted participation in the \$2,000,000 issue of Province of Nova Scotia 6 per cent gold bonds, which was offered on Wednesday by H. H. Rollins & Sons and R. J. Moulton & Co.

Northern Light and Power. The Northern Light and Power Company has issued \$2,000,000 6 per cent 7 per cent gold bonds, which are being offered locally by the National City Company at 95 and accrued interest, to yield about 7.35 per cent. This company serves a rapidly-growing industrial section in and around Akron, O. During the past few years its earnings have shown unbroken large increases. Its bonds are now running over 2.5 times the total interest charges. This issue is followed by more than \$11,343,000 dividend paying stock.

American Remittance to Poland. Recent press dispatches from Washington stated that a number of American banks which have been transmitting large sums of money from citizens of the United States to relatives and friends in Poland had notified the Department of Commerce that they would refuse to accept any drafts for forwarding until the present delay by the Polish banks in meeting their obligations was obviated. A period of from six to eight months now elapsed, it was asserted, between the receipt of the drafts and their payment by the Polish banks.

San Francisco Water Bonds. Among the recent municipal offerings is one by the city and county of San Francisco of \$999,000 water bonds, 4 1/2 per cent at a price to yield 5 1/2 per cent.

National Credit Men. The National Association of Credit Men will meet in Atlantic City June 1 to 3. The convention will be attended by representatives from every part of the United States and among the celebrities who will address the various sessions are: Edward James Cattell of Philadelphia, former Controller of New York City and Livingston Farrand, president of the American Red Cross.

LATEST PRICES ON BUTTER AND EGGS.

LOS ANGELES, May 20.—Butter, creamery extra, Produce Exchange closing price, 36 per lb. Eggs cases included—Fresh extra, Produce Exchange closing price, 43 per doz; case count, Produce Exchange closing price, 41 per doz; pullets, Produce Exchange closing price, 39 per doz; pullets, California flats, 27 per lb.

## United States Government Bonds

Not since the Reconstruction Days following the Civil War have funded obligations of the United States Government sold at such prices as prevail today.

Liberty Bonds are the last word in safety. If they are unsound, then every other investment obtainable at this time is worthless.

The thousands of potential new bond buyers in America who were created during the Great War should take their first step into the investment field through this safe doorway. Turn and experience will equip them to venture into other securities. Old time investors do not need to be impressed with the great opportunity afforded by Liberty Bonds at current prices.

We Specialize in All Issues of Liberties

The following table of yields is worthy the attention of every conservatively-minded buyer.

Issues—	Maturity	At Present Yield Approx.
1st Liberty Loan 3 1/2%	June 15, 1947	4.08%
2nd Liberty Loan Conv. 4 1/4%	Nov. 15, 1942	5.70%
3rd Liberty Loan 4 1/4%	Sept. 15, 1928	6.40%
4th Liberty Loan 4 1/4%	Oct. 15, 1938	5.80%
5th Victory Loan 4 1/4%	May 20, 1923	5.85%

Our services are placed at your disposal for the purchase and sale of these bonds either on the New York or Los Angeles Stock Exchanges.

## NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, May 20.—Another impressive selling movement took place on the stock exchange today, the bulk of the enlarged dealings according to popular opinion, again representing involuntary liquidation resulting from the increased tightening of credit.

Aside from this development, which was strengthened by advices from all sections of the country, indicating an extension of the campaign against high commodity prices, there were no specific events to explain the further reaction.

Standard shares suffered in equal measure with speculative issues, testifying to the insistent nature of the offerings. These were again traceable in large part to out-of-town sources, mainly western and southwestern centers, although New England also was reported as a heavy seller of copper.

In the final hour, following another dip in prices to the day's lowest levels, a spirited rally set in, and a steady advance in the market, with gains of from 2 to 7 points. Oil

Shipments and motors also were carried upward by the rebound, which effected many of the more extensive losses of the session and contributed largely to the almost steady close. Sales totaled 1,350,000 shares.

Plenty of call money was available at 6 per cent after the usual opening quotation of 7, but brokers reported no change in the long-prevailing stringency of time money, all loans of that character being limited to renewals.

The weekly statement of the Bank of England failed to confirm recent rumors of further gold exports from London, nor was there anything in the local sterling rate to bear out such reports. The only noteworthy change in foreign remittances, was the further strength of German exchange.

Liberty Bonds kept pace with the stock market, rallying briskly from their new low records, but the general bond list was heavy. Total sales, par value, aggregated \$11,750,000.

Old United States 2s lost one-quarter and the 4s three-quarters per cent, while call others of that group remaining unchanged.

STOCK QUOTATIONS IN NEW YORK CITY.

[Published by Lewis & Ryan, Members New York and Boston Stock Exchanges, New York City.]

### COUNCIL'S FOR RISE IN RATES.

Only Workmen Against Hoist of City Water Tax.

Committee of Whole to Ask for Quick Action.

Bond Issue's Urged to Pay Cost of Betterments.

With only President Workman dissenting the City Council, sitting as a committee of the whole, yesterday voted 8 to 1 in favor of granting the proposed increase in water rates asked for by the Board of Public Service Commissioners. The Council will this morning solve the report of the committee, which recommends that the water rate ordinance take effect, if possible, June 1.

President Howard Robertson, Commissioners Del Valle, Simpson, Robinson, Chief Engineer Mulholland and Auditor Anderson of the water board opened the hearing by stating that increased costs of labor and materials made the rise in rates necessary, as did also the growth of the city, requiring extensions in mains, reservoirs, and the installation of fire plugs and additional equipment.

IS VAST PROBLEM.

"We have nothing to apologize for," said Mr. Mulholland. "There is not a city in the United States that begins to compare with us in the magnitude of our water problems. During the war all work of making extensions and repairs was

### SNAPPY FINISH FOR CAMPAIGN.

Salvation Army to Wind Up Fund Drive With Hunt for "Good Sports."

"I am a good sport for the Salvation Army. Are you?" With this motto as the motive power, a whirlwind wind-up of the Salvation Army drive for funds will be conducted here the last three days of next week. The home service fund campaign in this city has yielded only about \$40,000 to date, with \$100,000 yet to be subscribed to fill the local quota. It is believed that the "good sport" spirit will put the city "over the top."

An army of women volunteers is now being recruited to canvass during the wind-up of the drive. Every subscriber on the three crucial days will be given a "good sport" badge.

halled. Now there are requests from the fire department for 700 fire hydrants, that must be installed. We can't pay our bills unless the rates are raised. Of the increase, which will bring us in an additional \$700,000 a year, we plan to spend \$500,000 a year on repairs and extensions and the balance in salaries.

We shall devote the remaining \$200,000 to interest and sinking fund for raising the water bonds.

President O. A. Vickrey and W. I. Hollingsworth of the governing committee of the Board of Public Service, and Councilmen Farmer, Wheeler, Fleming and Mallard spoke in favor of raising the rates. Opposition was expressed by R. W. Kelly, B. W. Pierce, G. W. Slocumb, James G. Cortelyou and Ben F. Groves, several of whom suggested that owners of vacant land be forced by ordinance to contribute toward the expense of the water department.

R. W. Pridham read a resolution adopted by the directors of the Chamber of Commerce approving of an increase in water rates, but recommending that important extensions, including the building of reservoirs be paid for out of a new bond issue. Members of the commission stated after the hearing that while Mr. Mulholland had planned a programme for the building of large mains and reservoirs during the next three years of \$2,340,000, none of this can be financed under the increased revenue gained from a rise in water rates.

President Workman, in stating after the meeting his reasons for dissenting said:

"I am opposed to raising the water rates unless by so doing the general tax levy can be reduced."

"As a matter of fact the water department is operating at a loss at present and the deficit is being made up by taxation provided for in our budget."

"If water rates are raised merely to provide more money for the department without relieving the general deficit made up by the people it will simply mean that our taxes are raised through this indirect method."

"Last year it cost the city \$1,400,000 to pay interest and sinking fund on the water department bonds having paid something like \$300,000 in addition."

"This year the water department must pay \$180,000 interest and \$1,020,000 into the sinking fund to retire the bonds. That makes a total of \$1,200,000 to be liquidated. The water department, over and above its operating expenses, at the present rate will be able to pay only about \$800,000 of this. The amount the city will have to pay represents about 35 of a cent on the tax rate."

"If the increase will reduce this 35-cent levy I will agree to an increase in water rates. For I realize that the department should more nearly derive revenue sufficient to pay its own expenses. But if the increase is put into operation and betterments and the city will still have to pay the deficit represented by the 35-cent tax rate, I am opposed to it."

### DRY AGENTS NAMED.

Two Selected to Investigate Liquor Dispensing by Doctors.

Because of the report that a number of physicians of this city and surrounding territory are selling and dispensing more intoxicating liquor than the law permits, Frank M. Silva, prohibition director of this territory, yesterday appointed Ralph H. Groves of the Los Angeles hotel on West Seventh street and George A. Newhouse of Long Beach additional prohibition inspectors.

Mr. Silva and S. F. Rutter, field supervisor of the prohibition department of the Internal Revenue Service, who have been here for the past few days conducting an investigation, left last night on the Lark for San Francisco. The campaign against doctors who are violating the prohibition law will be conducted from San Francisco, it was stated.

### CLIMBER NEAR DEATH.

Boy Falls From Tree and Suffers Fractured Skull; May Die.

Albert James, 9 years of age, of 4511 Ascot avenue, was probably fatally injured late yesterday, when he fell from a tree at Forty-sixth street and Ascot avenue. The boy was rushed to the Reckling Hospital and treated for a fractured skull. He was removed to the County Hospital.

### SERVICES TOMORROW FOR HOMER HAMLIN.

Funeral services for Homer Hamlin, former City Engineer, who died suddenly in Washington, D. C., May 14, will be conducted in the chapel of the Booth & Boyson Company, at 2:30 p. m., tomorrow, with Rev. Dr. Thomas O. Grimes, pastor of the Westlake Methodist Church, officiating. Burial will be in Rose-dale Cemetery.

Telegrams expressing sympathy and respect for Mr. Hamlin have been received by the family here from Congressman H. E. Osborne, Amos A. Arles, chief of gas defense division, War Department; Arthur P. Davis, chief of Reclamation Service, and Edgar T. Swain, superintending engineer, army transport service.

### The Story of Modern Bread Making—Chapter I.

### Buying the Flour

Chemical Analysis Eliminates Guess-Work.

WHEN you want high quality flour you ask for some well-known brand, which is possibly a little higher priced than the average and assume that you are getting unusual quality.

But when we buy flour for **HOLSUM** Bread we don't assume anything. We know exactly what we are buying before we buy it.

The quality of wheat varies from month to month, in the different sections. The quality of every mill's product varies considerably during the year, in spite of the mill's best efforts to hold it standard.

Our only safeguard is to compel the mills to submit samples of flour from each carload we consider buying. Our

chemists analyze the samples and erringly pick the best flour. They know the exact amount of moisture, gluten, acidity, etc. They make an actual baking test. We then order. And when the shipment arrives a second analysis is made to check up and make sure there was no mistake.

We thus know the exact food value of the flour which goes into **HOLSUM** Bread. And by keeping in constant touch with many sources of supply, we are always able to get strictly highest quality flour—properly milled and of maximum food content.

Scientific selection of flour constitutes reason number one, why you will always find **HOLSUM** Bread standard in quality, fine in flavor, and of maximum food value.

**HOLSUM** Bread is truly  
"The Perfect Balanced Ration"  
"Made With Milk and Honey"

THE HOLSUM BAKERY

### The Sin of Carelessness Brings Peril to Many Lives

EVERY day hundreds of courageous firemen are compelled to risk their lives. Fires discovered too late to control—or reported after the delay caused by the grip of fear that usually paralyzes human faculties upon the discovery of fire in a place where fire should not be—cause the dangerous conflagrations that so often entail the sacrifice of human life.

The immediate discovery and report of every fire would prevent the fearful yearly loss of life and property from which our country suffers. That is what Fire Detection Service insures—bringing the fire department to the threatened premises in the shortest possible time. There is no safe substitute for the fireman—no surer preventative of major fire losses than his skill and trained judgment.

F. D. S.-protected premises have the invaluable benefit of a minute - to - minute and hour - to - hour vigilance by precision

electrical instruments under constant electrical test, supervised by trained A. D. T. operatives.

The derangement of the detection apparatus reports a trouble alarm as quickly as the outbreak of fire reports a fire alarm. Trouble is immediately remedied. Fires are answered with the utmost dispatch.

At their outbreak all fires, except those that result from explosions, are of the same size—tiny flames that might easily be blown out. A fire doubles itself every ten seconds. Human nature often fails in crises. Tested, automatic mechanism never does. F. D. S. provides the most perfect protection against serious fire losses yet devised.

### Your Summer Trip

May require the purchase of a TRUNK, SUIT CASE or TRAVELING BAG.

You want the best value obtainable for the money you spend and we are desirous of supplying your needs. Whatever you purchase from us you may depend on it being satisfactory in quality and reasonable in price. We have priced our goods as low as is consistent with conducting business without loss. We must make a reasonable profit or our business career would come to an end. We must at the same time price our goods low enough to meet the price you can afford to pay for what you buy. The goods in our line that we have in stock cost less than the goods we must get later on to replace the goods we sell, and for this reason we can see no chance for lower prices for some time to come, and those who wait for that to happen will necessarily have to pay more later on for the same articles. This is the actual condition as it shows now, and that is all we have to base our forecast on. Facts are facts. The dealers who claim to sell at a discount trunk, suit cases or traveling bags either have their prices marked in excess of what they can afford to sell for, or the goods are of a class that are undesirable, and a discount must be made to get rid of them. We have none of this kind, nor do we want any of them in our shop. They are always a disappointment to those who unfortunately do purchase them. It is economy to purchase something worth while in a reliable store.

Don't buy anything you don't need, but when you do need, buy something good. Don't use an ordinary box trunk to carry suits or dresses, because nothing but a wardrobe trunk will properly accommodate suits and gowns and keep them in good condition while in transportation. Don't buy a trunk, suit case or traveling bag on account of a discount, because there is surely something wrong with the article or the price of the article where a discount is attached to it. For nearly twenty years my experience has proved this statement true. Sometimes we have goods that are defective or imperfectly made, and we offer such goods at a discount, but not otherwise.

Fortunately for us, most of our trunks, suit cases and bags were bought direct from factory at prices much lower than present quoted costs, which makes it possible to offer these goods at much lower prices to the public. We are selling a good wearing suit case or traveling bag for \$10.00 apiece, even though we have others of elaborate and sturdy construction and finish for from \$25.00 to \$150.00 apiece. All right to buy if you can afford to.

With novelty or seasonal goods it is different than with staple goods. Many genuine bargains are possible in these lines. These goods must be sold during a certain period, and a backward season or an overstock is a good reason for a discount. We are straightforward with the public in connection with such sales and often go the limit to dispose of seasonal goods that we find for certain reasons slow. This year we bought more silk handbags than necessary, and a backward season has resulted in our having too many on hand at this season. If there are any women here that need a good silk handbag now is the time to buy it, because we have decided to use drastic measures to reduce our big stock to normal quantities and have put on sale

### Every Ladies' Silk Hand Bag in Our Shop at One-Third Off

regular prices, which gives you a

\$5.00 Bag for \$3.33	\$16.00 Bag for \$10.66	\$20.00 Bag for \$13.33
\$6.00 Bag for 4.00	\$12.00 Bag for 8.00	\$25.00 Bag for 16.66
\$7.50 Bag for 5.00	\$18.00 Bag for 12.00	\$30.00 Bag for 20.00
\$9.00 Bag for 6.00	\$14.00 Bag for 9.33	

These bags are all the most desirable, convenient and attractive possible to get, and you are overlooking a good buy if you do not get yours while you may. We have decided to close out all the

### Beaded Bags

In our shop and have reduced prices THIRTY PER CENT. This gives the following result:

\$25.00 Beaded Bag, \$17.50	\$50.00 Beaded Bag, \$35.00
\$30.00 Beaded Bag, 21.00	\$75.00 Beaded Bag, 52.50
\$35.00 Beaded Bag, 24.50	\$90.00 Beaded Bag, 63.00
\$40.00 Beaded Bag, 28.00	

These reductions are all taken off our regular prices and have not been marked up a cent. A Beaded Bag made right is a highly desirable article for real dressy use, but is not intended for rough purposes.

Business has been good in our shop and at present we are disposing of more than ever before at this season than in any of the last six years we have been in business here, notwithstanding the pessimistic cries of calamity howlers who are eternally endeavoring to make the public despondent. Do not be influenced by these false prophecies, but just use your own common sense. Buy what you need and what you can afford to buy and you will find what you need in a reliable place.

We are always pleased to serve you as best we can and cordially solicit your valued patronage.
